RAILROAD EXECUTIVES IN CONFERENCE WITH HARDING AND CUMMINS

Senators Tell Rail Heads Wide and Vigorous Demand for Rate Cuts—Cummins Believes His Suggestions Will Be Adopted—Executives Say Wage Cut Must Also Come

(By The Associated Press)

WASHINGTON, Oct. 8.—Developments which were declared to presage early reduction in railroad freight rates and a clearing of the railroad situation generally, came here today fom several quarters.

A group of prominent railroad executives conferred today with President Harding and Senator Cummins, Republican, Iowa, chairman of the senate interstate commerce committee and discussed steps toward freight rate reductions preliminary to the executives' meeting at Chicago October 14.

Rate reductions also was the principal topic on the program tonight of Democratic and Republican senators comprising the unofficial agricultural bloc. Senators attending the meeting said there was a wide and vigorous demand for rate cuts as imperative to the agricultural interests.

Senator Cummins after his conference with the railway executives said he believed they would adopt at their Chicago meeting his suggestions for an immediate reduction of freight rates. No definite or formal assurance to this effect were given him at today's conference, he explained but he expressed the opinion that the reductions would be made by the carriers voluntarily.

The carriers then, Senator Cummins said probably would ask the railroad labor board to reduce wages or appeal to congress for legislation to meet the situation caused by the voluntary rate reductions.

"The railway executives,' said Senator Cummins after the conference, "feel that the only substatial way to reduce rates is to reduce wages. They also feel that the wage fixing functions of the railroad board should be transferred to the interstate commerce commission which has the rate maing, ormaking, or return, powers."

Senator Cummins said he did gather thatthe railway executives favored complete abolishment of the labor board but believed that tht same federal autorities which establishes railroad rates, or returns, should have power to establish wages. This would require amendments by congress, a transportation act and may be brought up later, after the Chicago conference. The railway executives at Chicago, the senator said he understood would call in representatives of agricultural shippers, commercial and other other organizations to discuss the rate and wage questions. The carriers, he said, would probably seekk the support of these interest in the event they should agree to reduce freight rates voluntarily and apeal to the labor board for wage reductions and to the interstate commerce commission for rate adjustments.

Reduction of passenger rates is not contemplated at this time, in the opinion of Senator Cummins who explained that the pressing immediate concern for agricultural and other industries was freight rate reductions.

MORTIMER SAYS HE IS READY TO ANSWER SUBPONEA

States Attorney Declines to Talk on Gurley Statement

SPRINGFIELD, Ill., Oct. 8.—State's Attorney C. F. Mortimer declined to make a statement tonight relative to testimony of W. W. Gurley, chief counsel for the Chicago Surface Lines, before the Illinois Commerce Commission concerning a retainer of $1,400 paid to Mortimer in 1919 by the surface lines in the street car fare case in the Sangamon county circuit court.

"I noticed in one of the press reports that I will probably be subpoenaed before the commission,' he said. " If that is the case I will make my statement to the commission. If I am not subpoened I will probably have something to say later."

Mr. Mortimer pointed out that he cannot go to Chicago next Tuesday because arguments on Governor Small's petition for a change of venue are set for that day in Judge Frank W. Burton's court here.

Mortimer appeared as counsel for the surface lines after an apeal on the 7 cent fare case had been made to the circuit court in 1919. The street car company lost its case in Judge E. S. Smith's court, but the decision was later reversed by the supreme court.

The state's attorney said he would be prepared to appear before the commission next Wednesday if he is wanted.

"The matter of a change of venue in the Small case will be settled next Tuesday," he said. "Because of the charcter of the cast I have consistently tried to extend very courtsey and grant every request possible, but I do not think there should be anq further delay in settling the venue question."

Referring to Gurley's testimony Sidney S. Breese of local counsel for the surface lines said:

"It is ridiculous to attempt to raise the question of ethics in a matter of this kind. There was nothing improper or unethical in Mr. Mortimer's acceptance of a retainer from the surface lines. When he was elected state's attorney he by no means forfeited his right to private practice. He was retained because he was a good lawyer.

"I am told that George B. Gillespie, another Springfield attorney as special counsel for the Chicago City Hall received $125 a day.

"The best answer to any attempt to bring politics into this affair is the fact that nobody so far as I am aware knew back in 1919 that Len Small was going to be a candidate for governor."

MISS MILLER RETURNS HOME

Miss Irene Miller, who recently submitted to an operation for appendicitis at Passavant hospital, has returned to her home on West North street and is showing rapid improvement.

MINERS CONFER WITH OFFICIALS OF GOVERNMENT

Will Make Effort to Prevent Stoppage of Coal

(By The Associated Press)

WASHINGTON, Oct. 8.—The government intervened today to prevent any possile stoppage of coal production next March when the bituminous miners wage scale agreement expires, but its efforts after a four hours conference at the White House between President Harding, Secretaries Hoover and Davis and union officials, were said to have been without immediate avail.

The conference was held when the central committee of the United Mine Workers of America, headed by John L. Lewis, president of the organization, came here at the request of President Harding to discuss with the administration the possibility of an undertaking to arbitrate any ultimate differences with the operators prior to the expiration of the national agreements in March. The committee was received at White House at noon, being the guests of the president at luncheon and continuing the discussions until late in the day. At the conclusion of the conference, Mr. Hoover issued the following statement:

Issue Statement.

"The conference with the miners' representatives today was in sequence of discussions carried on last week with rpresentaties of the coal operators under the auspices of the unemployment conference. The desire of the conference was to determine if steps could be taken now that would minimize the danger of stoppage in coal production at the expiration of the national agreemnts at the end of March by a prior understanding to arbitrate any ultimate differences.

"Owing to the situation of the miners' leaders as the result of the decision of the Indianapolis convention to defer discussions of the new agreement until after their February meetiug it has been impossible to come to any immediate agreement."

The discussions of last week referred to were between representatives of the national conference on unemployment and representative coal operators, which resulted, it is understood in some expression of willingness on the part of the operators to submit any differences to arbitration prior to expiration of the existing agreements.

WILL REDUCE ITS ELECTRIC RATES

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 8.—The Springfield Gas & Electric Company, recently granted a new 20 year electric franchise as the culmination of a long and bitter controversy over the utilities question tonight announced reductions in electric service amounting to 28 per cent for residences and ten per cent to commercial houses.

The company will apply to the Illinois Comerce Commission next week for authority to rduce its rates, A. D. Mackie, general manager announced.

A new rates of 2¾ cents for 100 kilowatt hours proposed by the company is lower than any prevailing rate in the country, Mr. Mackie said.

The present charge of ten cents for the first thirty kilowatt hours will be reduced to six cents Mr. Mackie announced. The minimum monthly charge of electric service will be reduced from 90 cents to fifty cents.

ASHLAND MAN LEAVES HOSPITAL

P. J. Cavanaugh of Ashland neighborhood, who just recently left Our Savior's hospital, was in the city yesterday visiting relatives and attending to business matters. Mr. Cavanaugh, who is in his eighties, injured himself when he fell in a creek and dislomated his shoulder while watering cattle some time ago. He was forced to remain in the water several hours before help arrived. The old man is able to be about the same as usual now however and is enjoying a remarkable state of health for one who has gone thru as much as he at his age.

CAPPS EMPLOYE SEVERELY BURNED

William Ellis of North Church street, was severely burned while working at Capps' factory yesterday morning, when he received a bad electric shock. Ellis was repairing a switch and was holding a screw drier in his right hand, turning a screw. He accidently placed his left hand on the switch, making a complete circuit with himself as one of the connections. The current burned his left hand so badly that the skin dropped from his fingers. He will not have the use of the hand for several weeks.

WILL VISIT IN CHICAGO

Mrs. D. Cumming and her grandson, Byron Hopper, left last week for Chicago where the latter's home is. Byron has been visiting Mrs. Cumming and Mrs. Richard Hopper, his other grandmother, for two months. Mrs. Nellie Hamilton, Mrs. Cumming's grandmother, is now at the Proffit House after a visit with relatives in Springfield.

GAVE WHIST PARTY.

Mrs. Mary Banks was hostess to a charming whist party given on North Diamond street in honor on North iamond street, in honor of Mrs. Ida McCree and Margaret DeWitt Saunders, of Omaha, Neb. Four tables of guests were present and after the hours of playing, attractive refershments were served and a lovely afternoon was enjoyed by all.

May Combine to Force Amendments

(By The Associated Press)

WASHINGTON, Oct. 8.—A movement looking to bi-partisan support for the amendments to the tax revision bill agreed upon by Republican leaders was put under way today in the senate, Senator Lenroot, of Wisconsin, a leader among the senators from western states who insisted on the compromise program, held several conferences with Senator Simmons of North Carolina, the Democratic leader in the tax fight ,but apparently a final agreement was not reached.

A plan discussed was that of having the revised amendments reported out by unanimous vote of the senate finance committee Republicans and Democrats and supported on the floor by leaders on both sides. The Democrats are represented as looking with favor on most of the amendments, but they are not satisfied with the proposed tax on corporations insisting that a revenue in excess of that proposed be obtained from that source.

Republican leaders were understood to have agreed today on the plan under which corporations having incomes in excess of $25,000 would not receive the benefit of the $2,000 exemption now allowed all corporations. It is estimated this would yield an additional $30,000,000 in revenue.

Lay Plans for Fight

Senators from eastern states laid plans today for their fight against the program as outlined by the leaders. They expected to force votes on the floor on the original proposal for a thirty two per cent maximum income surtax rate, for the existing maximum estate tax rate and for repeal of the capital stock tax on corporations. Leaders expressed little concern over this opposition and were of the opinion that the amended bill could be passed by the week after next.

When the conferences were proceeding at the capitol a committee claiming to represent more than one hundred thousand manufacturers over the country called on President Harding to protest against the delay in the enactment of tax revision legislation and also against the proposed bill as a whole.

Before taking up the compromise amendments today the finance committee majority approved more than forty amendments, some suggested on the floor of the senate. One would exempt from taxation the interest on money borrowed to carry Liberty and Vistory bonds except those of the two series entirely tax free.

Another provides that domestic building and loan associations exempted from the corporation taxes shall be only those "substantially all of the business of which is confined to making loans to members on the basis of their stock holdings."

The committee approved a change which would provide that in the case of the liquidation of a corporation dividends issued at the time of the liquidation on profits accruing before March 1, 1913 would be tax exempt.

JUDGE LINDSEY TAKES RAP AT WINE CELLARS

Says Cellars of Rich Should Be Searched for Booze

(By The Associated Press)

DENVER, Colo., Oct. 8.—On the ground that it would be unjust to punish a lesser offender against the bootleg laws while wealthy social leaders are allowed to have their wine cellars without fear of molestation, Judge Ben B. Lindsey of the Juvenile Court today treed Chester Lazater and Clete Hinton, accused of giving young girls liquor to drink.

In a statement read in open court Judge Lindsey charged that a conspiracy exists among the rich to have the laws enforced only against the poor.

"If we are to have jail sentences," said Judge Lindsey, "I would recommend that the prominent men involved in the delivery of thousands of dollars worth of first class booze—free of the poisons that in the booze of the poor the punishment enough—be followed, prosecuted and sent to jail.

"I would recommend that the society leaders and women of prominence who are interested in getting these laws enforced send their investigators into the home of the rich with search warrants to inspect their cellars and then have the courage to go after them.

"When the uplifters and upheavers will do a little more work of this kind it will do more to encourage the courts to enforce the laws we have than sentencing the poor devils to the jails and the penitentiaries."

HOSIERY MAY SOON BE OUT OF SIGHT

(By The Associated Press)

NEW YORK, Oct. 8—Directors of the Associated Dress Industries of America bowed to the decree of Parisian designers and endorsed the longer skirt.

"This means that manufacturers of dresses over the country will take the matter up in their respective organizations for individual action" said David N. Moesessohn, executive director in making the announcement.

"While some manufacturers have been reluctant to divert from the skirt length which has proven to be so popular, they must band and accept the new edict. It is believed that by Spring the new length will be considered established and publicly approved."

SOCIAL SERVICE LEAGUE MEETING THURSDAY

The date of the annual meeting of the Social Service leagu e has changed from Tuesday, Oct. 11, to Thursday, Oct. 13. A conflict in dates made this change seem advisable. As previously announced, the meeting will be held at Illinois Woman's college and the program promises features of unusual interest.

BOARD OF PARDONS WILL HEAR MANY CASES NEXT TUESDAY

Twenty One Murders Will Ask Commutation of Sentence

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 8.—Twenty one murderers, two of whom are under death sentence, are among the 32 convicts whose applications for commutation of sentence will be heard by the state board of pardons next Tuesday.

Frank Ligregni and John Christmas, wife killers, have appealed to the board to save them from the gallows. They applied for commutation of sentence to life imprisonment. Both are sentenced to hang October 21.

Ligregni was convicted last May of killing his wife, Genevieve, a Cook county school teacher. The supreme court this week denied a rehearing of his case.

Christmas, a negro, was sentenced to death in Champaign county for cutting his wife's throat.

Nine of the convicts are serving sentences for murder in the East St. Louis riots in 1917. They are: Charles Foster, Albert Hughes, William Palmer, Fayette Parker, O'Fanniel Peoples, George Roberts, D. E. Smotherman, Horace Thomas and Bud Townsend, all sentenced for fourteen years.

The other ten convicted murderers are: Diego Gravagna, Edward Kremheller, Albert Monroe, Patrick Walsh, Andrew Wright and Lloyd L. Sampson, Cook county; Elmer Carter, Calhoun county; Elmer Claire, Adams county; Josephine B. Cooper, Macon county; George Keressi, Kane county.

Others whose applications are on the docket are: Bernard Cummings, cook county, robbery; Antonio Farneti, Franklin county, robbery; Rosi Lubien, Franklin county, robbery; John W. McGowan, Jackson county, robbery; Samuel Newlin, Ford county, rape; Joseph Nolan, Cook county, robbery; John Ryan, Cook county, robbery; William Sceerey, Cook county, robbery; Frank Surace, Cook county, robbery; Tony Cipriano, Cook county, robbery; Darry Morrison, misdemeanor.

WESTMINSTER SERVICES AT ILLINOIS COLLEGE

Services of Westminster church today will be held in the chapel of Illinois college. Repairs are in progress in the heating plant of the church and it will not be possable to use the boiler today. Accordingly Sunday school and the morning and evening church services, together with the sessions of the Y. P. S. C. E., will be held in the college shapel. Dr. Thomas Smith will preach at both services.

BRINGS SUIT FOR DIVORCE

Mrs. Augusta Mendonsa of Elm street, this city, thru her attorney Judge William E. Thomson, has brought suit against her husband, John F. Mendonsa, for divorce. She alleges cruelty.

Mr. Mendonsa is now in Long Beach, California.

RAIN POSTPONED FOURTH GAME OF WORLD'S SERIES

Both Teams are Full of Confidence on Ultimate Outcome

(By The Associated Press)

NEW YORK, Oct. 8.—Saturday's world series ball game was rolled up in a wet blanket at the Polo Grounds and put to sleep early this afternoon. The fourth game of the series was postponed on account of rain and will be played Sunday atmospheric conditions permitting. Tonight the rain had ceased falling and it looked as if Sunday might be clear but probably cold.

The postponement was voted a sorry trick of the weather by the more than 20,000 eager fans who had reached the grounds before the rain began to fall at 1 o'clock and the many other thousands who about-faced on their journey to the ball park during the downpour an hour before the game time. It was decidedly unwelcome also to the business managers of the series because of the necessity of honoring rain checks and the other complications in the way of admission ticket arrangements which the disruption of the original schedule brought about.

The Yankee managerial camp, however, there was no noticeable mourning over the break in the daily procession of contests. For the forenoon had brought the sad news that the team's most potent aggresive factor, the somewhat well known Babe Ruth, would not be able to take part in the day's game because of an infested arm. The infection caused by the Babe's persistency in sliding to bases on top of a sore near the elbow, the heritage of a scrape of the flesh sustained in a slide to second late in the American League season may keep him out of the remainder of the the series.

But tomorrow will be another day and Manager Miller Huggins of the Yankees had apparently not lost hope tonight that the big fellow, with a day's complete rest would be able to get "in there" Sunday with at least a good share of his accustomed aggresiveness.

Yanks Welcome Rest.

From the Yankee viewpoint also the postponement was welcome as giving Carl Mays an additional day for recuperation after his high class performance in the opening game Wednesday, when he blanked the Giants and started his club off on the two-to-one advantage in the series which it now holds.

Harry Harper, the speedy but somewhat erratic southpaw, was looked upon as Manager Huggins' likely selection for the pitching asignment if today's game had been played, but it appeared certain that with Mays given his three days' rest, he would be sent in again against the Nationals tomorrow.

The Giants with dander up and bristling with the confidence their volcanic outburst of hitting in Friday's victorious tilt had given given them, strained at the leash and bemoaned the adverse weather.

"Shuffling" Phil Douglas was on the cards to twirl for them today.

The postponement it was said would make no difference in Manager John McGraw's selection of a boxman for Sunday, and Douglas, benefitted like Mays by an additional rest period will without much doubt be in against Mays tomorrow.

Ruth was out to the ball park today but was not in uniform and had his bad arm in a sling. He still favors also his strained leg which had been giving him trouble for some weks and sorrowfully said he might not be able to play anymore in the series.

Should he drop out Huggins intends to play "Chick" Fewster, the peppery Baltimorean in Ruth's accustomed place in left field putting Fewster in the leadoff position in the batting order, dropping Elmer Miller down to eighth place and moving Schang up to Ruth's place as third man on the list.

Both Teams Confident.

As for the ultimate result of the series there was no apparent lack of confidence in either camp. The edge in games is still with the American Leaguers, with Mays, the star ready to work again and Hoyt on deck for a try to repeat his winning performance of Thursday.

"We will win, with or without Ruth" was the sentiment of the Yankee players altho they didn't attempt to minimize the loss they would suffer should the Bambino prove unable to get back into the game. They have been outslugged by the Giants so far, but the folowers point to the records as showing that the celebrated Yankee attack never remains in check. As for their fielding it has been 100 per cent in all three games.

The Giants' quarters too ooze with with confidence McGraw's men regard themselves as sure to capture the series, now that they have found their batting eyes, and proved their ability to slam American League pitching to all corners of the lot. Supporters of the Giants point out also, in backing up this contention, that their favorites have been shown three twirlers of world series calibre — Douglas, Nehf and Barnes—whereas the Yankees have been abe to produce but Mays and Hoyt as fit contenders, "Bases on Balls" Shawkey having proved a disappointment and Harper not having been tried, even as a relief man.

STORMY WELCOME IS GIVEN DELEGATES ON ARRIVAL IN LONDON

Irish Peace Delegates Arrive for Conference With British—Enter Same Station from Which King and Queen had Left Half an Hour Previously—Thousands Greet Them

(By The Associated Press)

LONDON, Oct. 8.—The Irish peace delegates, who are to begin negotiations with representatives of the British government on October 11, stepped from their special railway carriages in Euston Station this evening and received a stormy welcome from several thousand of their countrymen and partisans.

The Irish delegates' train pulled in at the same platform as the train which carried the king and queen from Balmoral scarcely half an hour before. For the sovereigns the entire platform had been railed off and cordoned by squadrons of police and the floor had been covered with a red carpet on which a group of court attendants, with the usual uniformed functionaries welcomed their majesties. Their departure from the station was cheered by many of those among the crowds which had assembled to greet the Irish peace mission.

Porters quickly removed the carpet and all evidences of the recent presence of royalty disappeared. In a few minutes the delegates' train arrived. Men bearing enormous Sinn Fein color standards and women waving smaller republican flags, many of them singing and the rest cheering with the booming of guns, made the great station reverbrate until the delegates and their secretaries moved away in automobiles, headed by the pipers.

Their progress was slow for a considerable distance from the station as other thousands were crowded along the route. Many climbed on the sides of the cars, the lighted interiors of which made plainly visible the faces of Arthur Griffith, Robert C. Barton, Eamonn J. Duggan and George Gavin Duffy.

CHRISTIAN CHURCH BROTHERHOOD MET

The Central Christian church Brotherhood held the first meeting of the year Friday evening. On this occasion the Ladies Aid of the church served an excellent supper to about thirty-five of the members.

President W. H. Crum called the meeting to order and then the men listened to an address by Col. Dan Morgan Smith, who told of the great bravery and cheerful sacrifice of the boys overseas. V. R. Riley was scheduled to address the meeting but he withdrew in favor of Col. Smith, stating he could speak at some other time.

E. J. Beach of St. Louis was also on the program and sang two songs. The supper was in charge of Mrs. Lillian King and was greatly appreciated by all present.

WILL ATTEND CONVENTION

Arthur Seymour, one of the Murrayville postoffice rural carriers, left this morning for Washington, D. C., to attend the National convention of Rural Postmen. Seymour is the delegate from this district. When he returns he expects to move his son and family in Detroit.

Miles Gish was a business visitor in St. Louis Friday.

The failure of the Co-Operative society business goes to show that even co-operation will not succeed unless it is built upon the foundations of both honesty and good judgment.

In Decatur they are advertising potatoes at $1.85 to $1.90 a bushel. The Decaturites had better buy in Jacksonville and save money.

Judge Lindsey believes that something more should be done to catch the rich violator of the prohibition law. The Denver justice is tired of seeing most efforts at law enforcement directed against those who are in poor or moderate circumstances, while so many of the wealthy go unmolested. That is the same old cry against unfair law enforcement, but in this instance there is something to the charge. The time must come when the law is equally enforced against all classes or prohibition will be a failure.

The Sprinfield Gas & Electric Co., has just been granted a 20 year franchise and has announced drastic cuts in its rates for service. Even if these rates are lower than the scale at which the city owned plant can operate with profit, the city plant can claim the glory of having brought the lower rates to pass.

Now there is a possibility that railroad managers will reduce freight rates without waiting for legislation on that subject. If this happens there will be immediate relief for the much abused farmer. With lower freight rates affecting farming and all other lines of production, certainly business is going to boom.

Senator McCormick and the Tribune both wish it understood that the senator has no connection with the editorial policy of that paper. Nevertheless, it would be difficult to convince many people that since Senator McCormick has a financial interest in the paper, that he does not have some share in the responsibility. These people will continue to think that the Tribune is friendly to Senator McCormick, and that he is not antagonistic to its views.

ORGANIZED TO SERVE THE NEEDY.

The announcement with reference to the Jacksonville Clinical association which appears elsewhere gives evidence of a real humanitarian spirit. Physicians and surgeons of Jacksonville have banded themselves together in this association primarily for the purpose of giving their services to the needy sick.

A summary of institutions in Jacksonville shows a total of more than 500 hospital beds in addition to those at the state institutions, and this is indeed remarkable for a city of this size. There are also unusual laboratory facilities here and Jacksonville is especially well equipped along these lines.

The agencies which tend to better public health perform service of great worth in any community. This debt is only second to that which a community owes to the physicians and surgeons, whose constant purpose is to care for those who are sick or maimed.

One of the strange facts to consider in connection with the medical profession is that its most earnest members are constantly seeking to find the way for the eradication of disease and to lessen accidents. A consideration of this fact carries with it the proof that while the average physician or surgeon is practicing his profession to make a living, at the same time he has higher motives and has as his goal the greatest good that he can do for humanity. Mere money-making is very often forgotten in the joy of service. The organization of the clinic to serve the destitute sick is a case in point.

ANOTHER VIEW ON FARM IMPLEMENTS.

Here is an interesting view on the relation of the cost of farm implements to the whole cost of farming operations:

"We hear so much complaint regarding the price, replacement value, value in accordance to price obtained for farm crops that we have investigated as far as we can and find the research by the United States Department of Agriculture shows that 93 per cent of the total cost of growing crops in our country is land rental, labor and seed and when a man owns his farm the value placed on the land is so high and the interest so great that it amounts to the same cost practically as renting.

"Also that all expenses regarding the cost of implements with which it is possible to raise crops is only 7 per cent of the cost of the product, therefore, if the implements were furnished gratis, the saving in the cost of production would be only 7 per cent less whereas by the use of the improved implements the cost has decreased in the production of farm crops over 50 per cent besides making the business of farming so much more pleasant.

"The real facts are that farm machinery has been and is very low compared with the results obtained by the use of the same. We only have to talk to visitors from foreign countries who will tell us the methods employed and to realize that by the hard work, long hours of study and the great inventive genius of the American has made it possible for the farmer to live the life he does which in 75 per cent of the cases is far better than the life as lived by the lord or noble of some years ago.

"Let us give credit where credit is due. Praise the bridge that carried us safely from the life of slavery to that of a real free man. Let the land owner, the banker and all business men be fair with the tenant farmer.

"Remember the implement dealer has made it possible for the tenant farmer to not only raise his own family but to keep in too many instances, the land owner in a position of ease and idleness."

MATRIMONY

Miss Wilma Doerfler and Mr. Fred Bateman, both of Waverly, were married in this city Saturday morning, at the home of the officiating minister, Rev. M. L. Pontius, pastor of Central Christian church.

The bride is the daughter of Mrs. Emma J. Doerfler, and for several years has been associate editor of the Waverly Journal.

The groom is the son of J. T. Bateman, a prominent farmer of the Waverly community. He is a veteran of the World War, having served seven months overseas.

Mr. and Mrs. Bateman will reside in Waverly.

Riefenberg-Whitler.

The Passavat hospital received word yesterday morning of the marriage of Miss Elizaeth Ann Whitler, to O. F. Riefenerg, of Carlinville. Miss Whitler, who graduated from the 1915 class of the Nurse's Training school at Passavant hospital, comes from Girard and is well and favorably known here.

Since her departure from this city, Miss Whitler has been head of the Denby hospital at Carlinville. The marriage was solemnized at the home of the bride's mother, Mrs. Nettie Whitler, east of Girard, yesterday afternoon.

The groom is considered one of the substantial business men of Carlinville and is president of the state association of funeral directors. Mr. and Mrs. Riefenberg will be at home to their friends after Nov. 15, at their residence, 303 North Broad street, Carlinville.

INDEES-BROWNS WILL PLAY TODAY

BUSHEL OF APPLES WEIGHS LESS NO

Persons who buy apples by weight these days will find that a new law fixes 47 lbs. as the legal weight for a bushel of apples. The previous weight was 50 lbs. a bushel. As a matter of fact the 47 lbs, no doubt is an average because apples do not all weigh alike. Some varieties of apples are more solid and heavy than others and it is said that there sometimes a variation of 10 pounds in the weight of two measured bushels of apples.

MANCHESTER RESIDENT PASSED AWAY SATURDAY

Death of Frank Blackburn Came Early Saturday Morning—Charivari for Newlyweds—Other Manchester News.

Manchester, Oct. 8.—The death of Frank Blackburn came at 8:35 o'clock Saturday morning at his home here. The deceased had been ill for the past month, and for the past two weeks his condition was regarded as serious, so his death was not unexpected.

Mr. Blackburn was born Jan. 7, 1864, at Carrollton and was a son of Frank , and Mary Louise Blackburn. The family removed to the Manchester community years ago and here the deceased had resided the greater part of his life.

On Dec. 18, 1895, Mr. Blackburn was united in marriage to Miss Anna Greenwalt, who survives him. They were the parents of one daughter, Miss Mabel Blackburn. On Feb. 23, 1908 the deceased was converted during a meeting conducted by Rev. L. W. Hostetter. He united with the Baptist church and during all the after years, lived a consistent Christian life.

The deceased is survived by two sisters and one brother, Mrs. William G. Day of Manchester, Mrs. Mary Eastman of Elgin, and Edwin Blackburn of Elgin. Two sisters and one brother preceded him in death. They were Mrs. G. A. Lucas, Mrs. Henry Shoemaker and George Blackburn.

For years Mr. Blackburn was engaged in farming operations near Manchester, but a few years since he gave up active life. He was a man who had the respect and good will of all who knew him, and his death means a great loss to the community.

Funeral services will be held at the Baptist church at 2 o'clock Monday afternoon.

Mrs. F. C. Moses and sister, Mrs. Smith, of Independence, Kans., are visiting their cousin, Mrs. C. H. Travis.

Mrs. William Pearce returned Friday evening from Peoria, where she attended the Grand chapter of the Eastern Star. Mrs. Pearce reported a large attendance and an enthusiastic gathering.

A crowd of young people gave a charivari for Mr. and Mrs. Vernon Lawson Thursday evening. There were one hundred present and a social evening was spent after the noise-making had ceased. Music and games made up the informal program and delicious refreshments were served. The affair took place at the country home of Mr. and Mrs. William Copley, the home of the groom's parents.

Alonzo Edwards was called to Peoria Friday by the illness of his daughter, Mrs. Julia McGuire.

Mrs. William Arendell has been ill the past few days at hor home here

Mrs. Nellie Edwards of Rolla, is visiting at the home of Alonzo Edwards.

FOOTBALL GAME AT WINCHESTER SATURDAY

Ashland Forfeits Game to Winchester on Technicality—Other Winchester News of Interest.

Winchester, Oct. 8.—Winchester high school won its football game here this afternoon from Ashland high by a score of 1 to 0 the game being forfeited by Ashland in the fourth quarter over a dispute on resuming play after time out. The score at that time was 19 to 0 in favor of Winchester.

On a time out play the team taking time out must resume play within a certain time. This Ashland refused to do when ordered by Referee Miller who forfeited the game under the rules to Winchester by a score of 1 to 0.

There was little question as to the superiority of Winchester as they had rolled up nineteen points and had been able to hold Ashland thruout the three periods of play.

Particular credit should be given Lashmiet, diminutive quarter, and Kirkman, smashing full back, for Winchester. The referee was William Miller of Jacksonville and the umpire Joseph Grout of Winchester.

Mrs. George Hogan and Frank Redshaw drove to Springfield Saturday to visit Paul Redshaw, who is at St. John's hospital in a serious condition.

Herbert Cooper and little daughter arrived Saturday from Plainview to visit relatives.

Mrs. Charles Freitag has been taking treatment at Our Savior's hospital in Jacksonville for the past week.

Dr. E. B. Waters, wife and little daughter, Mary Kate, returned home Wednesday night from Boston, Mass., where they have been spending thepast six weeks.

Mrs. C. W. Banes has returned home from Havana where she went to visit her sister-in-law, who is ill.

The Loyal Daughters of the Christian church will present "Mr. Bob" at the Lyric Thursday night, Oct. 20, under direction of Mrs. Cunninghom.

Miss Helen Kinison and Miss Louise Dawson arrived home Friday night from Manchester for the week end.

Mrs. W. C. Kuechler is visiting her brother-in-law, Mr. Worcester, of Roodhouse. Mr. Worcester is seriously ill.

Elder George W. Murray and daughter, Mrs. M. B. Gettys, of Quincy, have been visiting relatives here the past week.

Dr. H. H. Fletcher was a professional visitor in St. Louis Friday.

Meetings have been in progress the past week at the Bloomfield church and Elder Herring has been assisted by other ministers.

Miss Margaret Crabtree arrived last night from St. Louis to visit her parents.

Mrs. John Callans was taken to Our Savior's hospital Friday. She received an injury to her knes a few days ago and will be under treatment at the hospital for a while.

Miss Mary iElzabeth Roark is home for the week end from I. W. C. in Jacksonville.

WILL PROSECUTE K. OF P. SUIT

John J. Reeve will be in Carlinville tomorrow and Tuesday on account of a pending suit in which the grand lodge of the Knights of Pythias is a party. The lodge has brought action against the Fidelity & Deposit Insurance Co. of Baltimore, on bond for $15,000 which Haverly the absconding secretary of the organization had with that company.

Suit was brought in Macoupin county because at the time there was opportunity for immediate hearing. The company is resisting payment on the ground that certain incorrect statements were made when the insurance was taken out. The grand lodge also is seeking to recover further funds from a Chicago bank.

The absconding secretary had secured a draft in the name of Mr. Meats. It is the claim of the grand lodge that because of this forged endorsement that the bank is responsible to the lodge for the $30,000 t hat Haverly thus secured.

The Story of 10 Million American Mothers

The greatest human drama Lois Weber ever produced.

A picture advertised by the honest, unashamed tears of millions of people.

An overwhelming drama of pride.

"The Blot" is a human-heart story bigger than "Humoresque."

A story of the depths and heights in life.

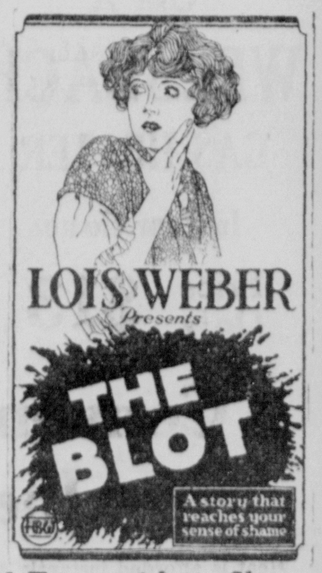

A great American drama that will open the door to your conscience.

A drama with a heart-throb like that when you feel your own pulse.

A story that reaches your sense of shame.

A story that arouses your sense of pity.

The most talked of motion picture of the fall.

Economy

—It is not economy merely to get a low price.

—You can easily get something of no real value, no wearing quality or serviceability when you dirt with low prices.

—There are places, however, where low prices have a genuine meaning.

—This tailoring shop is such a place.

—Why?

—Because we buy extensively but carefully, because we do a large business, employ competent help and are content with a fair, legitimate profit. In fact, we at all times split our profits with our trade because we are after real friends for all time.

—A splendid way to finfid this out is to examine our stock of fine weaves and learn our exceptionally low prices on Fall Suits and Overcoats.

—By the way, don't forget to say, "make me an extra pair of trousers with that suit."

WOMAN'S CLUB BEGINS WORK OF FALL MONTHS

Luncheon Held Saturday a Very Delightful Event—More Than Two Hundred and Fifty In Attendance.

The annual fall luncheon of the Jacksonville Woman's club is always an important event. Yesterday the good record of previous years was fully equalled at the luncheon given at Central Christian church, in charge of the Domestic Science Round Table. There were 250 members and guests present. The Pastoral Helpers of the Christian church served the excellent luncheon.

After the final course Mrs. A. B. Williamson, president of the club, presided during the presentation of the program. The invocation was by Mrs. E. C. Lambert, president emeritus. Mrs. Williamson made a brief address, expressing the pleasure of the members of the club had in the presence of the guests, and said that indications all point to a year of successful work, since the interest of members is fully maintained.

The report of the secretary, Mrs. L. B. Turner, was then heard. Mrs. Turner gave the minutes of the last meeting of the club and a brief resume of the summer's work. Mrs. Williamson then introduced Mrs. Carl E. Robinson, a member of the club whose songs are always heard with pleasure. Mrs. Robinson sang "The Bird of the Wilderness" by Horsman; "Floods of Spring," Rachmaninoff; "The Nightingale Has a Lyre of Gold," Whelpley. "Come to the Woodland" by Ferry, was given as an encore. Mrs. Robinson's graciousness of manner adds charm to her voice. Mr. Wesner was the accompanist.

Some Work Reviewed.

Mrs. A. L. Adams then made a brief presentation of anti-tuberculosis work, especially in its relation to the tuberculosis sanatorium. Mrs. Adams told of the financiail difficulties encountered and the plan devised thru co-operation with the county commissioners to open the sanatorium by degrees. She said that a number of individuals and oranizations have agreed to furnish rooms and that about $1,400 had been thus far provided for in the way. Credit is due the Woman's club of Chapin for providing the funds for the first room and the Morgan County Federation of Woman's clubs made the second contribution.

Such interest is being shown that Mrs. Adams said that there was little question but that the sanatorium would be in operation by the first of January. The government, the speaker said, wishes to send a number of soldiers here for treatment just as soon as the facilities are available.

Miss Janette Powell as a reader has added to the pleasure and interest of several Woman's club programs, and she was cordially greeted yesterday. Miss Powell gave several poems of Joyce Kilmer, preceding them with interesting explanation of the themes. The group included "Main Street," "The Road," "The Untenanted House," and "The Snow Man."

Large Membership.

Mrs. J. K. C. Pierson, chairman of the program committee gave an interesting statement with reference to the programs of the year, and told of the effort to add to the making of the clubs motto, "For a Better, Healthier, Happier Jacksonville." Then she made reference to the city's new motto, "Jacksonvile Suits Me, It Will You." Some figures were presented to show the sustained interest in the club which now has a membership of nearly 475, with about 168 also working in the Domestic Science Round Table.

Adjournment was taken after brief announcements had been made. Special thought had been given to the decorations and the tables were beautiful with flowers. Mrs. Wiliamson together with other officers of the club had places on the platform. In making arrangements for this important event Mrs. J. J. Reeve was chairman, together with Mrs. John Buckley and Mrs Ben Lurton. The hostess list was arranged by Mrs. W. O. Baumgartner and Mrs. M. E. Gilbert and they were Mesdames C. N. Priest, George E. Baxter, W. B. Rogers, H. A. Perrin, John Davis, Harry Hall, E. L. Kinney, Eugene Pyatt, Harry Andre, R. W. Woolston, Tilman Stout, H. M. Hopkins, W. L. Fay, W. A. Fay, William Heinl, William Hopper, Charles F. Herald, H. P. Mohn, Frank Cogswell, Earl Spink, W. W. Anderson, M. S. Robertson, L. F. O'Donnell, Anton Graef, Lloyd Hamilton, James Green, F. W. The Magic That Makes a House a Home

—that magic is MUSIC.

When the eyes of the little ones sparkle and they laugh with glee—when the toes of the older ones begin to waver—when Mother's face radiates happiness itself as she listens to the songs of McCormack and Gluck—when Dad is lost in reverie as those wonderful strains of Violin come to him from Kreisler and Heifetz—isn't that, in truth, the Magic that makes a House a HOME?

The Victrola—the Master Magician—can make your house a HOME. We'll be glad to prove it. You can buy one for as little as $25, or as much as $350—on monthly payments surprisingly small.

CLUBS AND SOCIETY

Miss Stewart Given Surprise.

Miss Edith Stewart was happily surpriced Friday evening at her home on Mound avenue, in honor of her twenty-first birthday. The avair was planned by her sister, Miss Ethel. About thirty-five members of the Young Peoples' association of the First Baptist church were present and the evening was much enjoyed with games and music.

Surprise Party Given for Jacob Beastall

Jacob Beastall was the honor guest at a surprise party given Friday evening, the day of his eighteenth birthday. The affair was a dinner given at his home on Pennsylvania avenue and was planned by his sister, Miss Lottie Beastall. Twenty guests had gathered at the Beastall home and completely surprised Jacob when he arrived at home. A delicious supper was served at seven o'clock and the evening was spent with games of various kinds.

Young People Enjoy Weiner Roast

A crowd of young people from Jacksonville and vicinity enjoyed a marshmallow and weiner roast at the home of Miss Ruth Patterson north of the city Friday evening. The young people left the city about seven o'clock and drove out to the Patterson home in cars. A big fire was built in the yard and a fine supper cooked in the open. The rest of the evening was spent in the house with Victrola music and games. The guests from Jacksonville were Misses Gladys Hurst, Ellen Crusan, Vera Todd and Messrs. Charles Morris, Everett Patterson, Earl Patterson and Earl Johnson.

Will be Honored at Dinner

Mrs. Maude Potter of this city will be the guest of honor at a dinner to be given today at the home of her mother, Mrs. B. F. Dunahee in Tallula. The affair will be in celebration of Mrs. Potter's birthday which occurs today. The guests will be relatives and there will be about sixteen present. Among the guests will be Miss Elizabeth Austin of this city, who is Mrs. Potter's daughter.

Phi Omega Held Meeting.

The Phi Omega Society of the Illinois Conservatory of Music held its regular meeting Friday evening at the conservatory. The feature of the program that was given, was the paper, "Literature as a Musical Stimulus to Composition," which was read by Miss Mildred Fredlin The other numers included a piano solo by Miss Ruth Dorwart, a talk on current events by Miss Mary Dunscomb, and a vocal solo by Miss Blanche Tripp

Trinity Sunday School Picnics at Gravel Springs.

The members of the Trinity Episcopal Sunday school enjoyed a picnic at Gravel Springs Saturday afternoon. At 2 o'clock the pupils, teachers and officers of the Sunday school met at the church and went out to the woods in autos. Fires were built in the open and part of the supper cooked over the fire. Lots of other good things comleted the excellent picnic supper. The supper was planned by Mrs. Paul Thomson and Mrs. W. T. Capps, assisted by Mrs. J. F. Langton and J. G. Ames, the superintendent.

Informal Reception For Miss Cora Cherry.

Mrs. U. G. Woodman and Miss Isabel Woodman gave an informal reception at the Woodman home, 1047 West State street, Saturday afternoon in honor of Miss Cora Cherry, who is to be an October bride. The function was one of the most delightful of the many that have been given in Miss Cherry's honor.

The Woodman home was tastefully decorated for the occasion with roses and autumn flowers, yellow being the predominating color. Ward roses were used in the dining room while Russel roses were the decorations in the living room. Large quantities of autumn flowers added to the beauty of the other rooms.

Those who assisted the hostesses were: Mesdames John Cherry, C. Ellworth Black, C. W. Temple, M. T. Dickinson, Harold Swain, A. L. Adams, Chester Hemphill, W. H. Marbach, Fred Lane, E. W. Brown, E. E. Crabtree, W. L. Alexander, Frank Elliott, E. S. Greenleaf, Lloyd Brown, Harrison King and Miss Esther Purl and Miss Anna Weir Palmer. She was assited by Mrs. James Middleton and Miss Pearl Bridgman with about sixteen members and several visitors being present. After the business meeting the following program was given:

Piano Solo—Ross Bracewell.
Original Poem—Miss Ella Blackburn.
Solo—Mrs. John Waddell.
Piano Solo—Mrs. Clyde Black.

After the program several games were played and a social time enjoyed. The hostesses served delicious refreshments.

MRS. TENDICK'S WILL PLACED ON RECORD

Property of Deceased Divided Equally Among Her Four Children.

The will of the late Mrs. Sibilla Tendick was filed Saturday in the office of County Clerkk G. L. Riggs. The original will was made Jan. 11,1897, and a cocidil was attached Feb. 27, 1919. John S. Tendick, son of the testatrix, is named as executor.

Mrs. Tendick provided for the payments of debts and then directed that all of her property be converted into cash. The estate is then to be divided into four equal shores, one for each of the four children, John S. Tendick, Mrs. Jennie Porten, Mrs. Clara T. Hoover and Edward Tendick.

The sum of $1,000 is to be paid to each of the children as soon as possible. The executor in making the division of the whole estate is to retain one-half of the share of Edward Tendick and manage it for a period of five years as a trust fund.

It is also provided that the executor shall serve as trustee for the share that Mrs. Hoover will have in t he estate. This does not affect the provision for the payment of $1,000 to Mrs. Hoover.

The witnesses to the original will were S. A. Fairbank and L. O. Vaught, and the cocidil was witnessed by Mrs. Hattie G. Harney and Mrs. Julia E. Reid.

CHAPIN PARSONAGE IS REDECORATED

M. E. Parsonage Is Made Attractive for New Minister — Parent-Teachers' Association Meets — Other Chapin News Notes.

CHAPIN, Oct. 8.—The interior of the Methodist parsonage presents an attractive appearance since it has been re-decorated. When the grade school, which used it for four months, moved into the Christian church, a committee of ladies from the Ladies' Aid, with the permission of the parsonage trustee, took the building in charge. Every room was freshly papered. Several of them painted, a partition removed, and all the floors and stairway refurnished. P. H. Ham had charge of the work and its appearance speaks well for Mr. Ham's ability. Reverend Lough and his family moved in Thursday and are rapidly getting their household goods arranged, making of the parsonage a real home.

Mrs. Elmer Bonds and two children of Beardstown, are visiting Mrs. Bond's parents, Mr. and Mrs. James Rigor.

Alfred Austin and family of Beardstown, spent Thursday with Mr. and Mrs. W. I. Williamson.

Carl Filson, Ed Nash and Russel Nash spent Tuesday and Wednesday in St. Louis, attending the Fall Festival and Veiled Prophets.

G. A. Allen and Gustave Onken were business callers in Jacksonville Thursday.

The first parent-teachers' meeting of the year was held at the community high school Friday night. An attractive program was enjoyed.

The opening number of the Community Lyceum course put on by the high school will be given Friday evening, October 14. The Monterey Duo, a company of two musical and versatile young ladies, will give a variety program of real worth.

Word received Saturday morning from Howard Joy, who is suffering from infantile paralysis, was that he had passed a very comfortable night. He is free from fever and his many friends hope for a speedy recovery.

Miss Martha Lehman and Miss Ina Shaull were St. Louis shoppers Saturday.

Miss Helen Sidles made her usual trip to the Women's college Saturday morning.

The state veterinary has appointed Dr. Fred Eilers one of his Morgan county assistants. Dr. Eilers is to be congratulated on the honor shown him.

Herman Wessler of Arngville was in town Saturday on business connected with the electric lights.

PASSAVANT HAS NEW OFFICIAL

Miss S. B. Hoskins is the new superintendent at the Passavant hospital school for training nurses. Miss Hoskins comes from the Gordon Keller hospital at Tampa, Fla., where she held a similar position. She has had wide experience in the work of training nurses and spent two years with the Red Cross in France.

Miss Hoskins' official capacity is that of superintendent of the training school and of assistant to Miss Ida B. Venner, the general superintendent. The hospital authorities consider themselves very fortunate to have secured Miss Hoskins.

MANY GUESTS AT I. W. C.

Among the former students who are guests at the Illinois Woman's College this week end are: Misse Bernice Holnbach of Greenfield; Marguerite Wills, of Griggsville; Mildred Funk, of Winchester, and Lucile Kirby of Petersburg.

Charles Tazewell of Ashland visited the city yesterday.

J. M. Bell of Strawn's Crossing came to town yesterday.

Qualities that distinguish the

AEOLIAN-VOCALION

A generous and rounded depth of tone—new to the phonograph.

A complete absence of metallic qualities.

An ability to bring forth in all purity every voice in the orchestral choir, even the most difficult, such as the wistful "strings" and the mellow "wood-winds."

The wholly new and fascinating additional phonograph privilege of subtly varying the tone-volume to suit your taste.

A simple dignity and beauty of line and finish hitherto unknown to the phonograph; impossible to convey in a mere illustration.

No other phonograph at any price even measurably approaches this superb model of the Aeolian-Vocalion.

We will be glad to show you all the different beautiful models of the Aeolian-Vocalion and play them for you whether you are as intending purchaser or not.

SWIFT CLUB IN REGULAR MEETING

The Swift club met last night in the regular bi-weekly session with about twenty-five members present. The meeting was held in the Pacific Cafe and a delicious dinner was served to the club.

President Robinson called the club to order, and after the regular business session the members heard a very interesting talk by former state dairyman, Fred Thies. Mr. Thies told the club of the dairy buisness as conducted by the state in its institutions and described the processes of the dairy products until they were turned over to the big creamerie...

The next meeting of this new organization will probably be held the 22nd of this month unless some changes are made in the plans. Several excellent speakers have offered their services for the next meeting but no definite decision has as yet been made.

LITERBERRY CHRISTIAN CHURCH AID MET HERE

The regular meeting of the Literberry Christian church Ladies' Aid was held Saturday afternoon at the home of Mrs. Albert Crum, 231 Webster avenue. The meetings are usually held on Thursday afternoon but the day was changed this time. There were about twelve members and as many guests present and all found the occasion a pleasant and profitable one.

The president, Mrs. Robert McFarland, presided and the program was in charge of Mrs. Howard Liter and Mrs. William Phillips. A reading by Miss Lora Petefish was greatly enjoyed by all present. In the contest, prizes were won by Miss Lora Petefish and Mrs. J. C. McFillen.

A pleasant social hour followed the program and the hostess servied delicious refreshments.

KUMLER DEFEATS NORTHMINSTER

The Northminster baseball team played the Kumler M. E. church team of Springfield at the South Side park yesterday afternoon and lost to the Kumlers 18 to 8. The game was played under difficulties as the high winds and cold weather made accurate playing almost impossible. The Northminster team is not satisfied with the present standing and have booked another game for a later date, which will be announced as soon as the time is decided.

Thomas Allen, one of the owners of the Parker shows, is in Jacksonville to attend the funeral of Mr. Howe, which will be held today. Mr. Allen drove thru from St. Louis and expects to return tonight.

CHILD WANDERS AWAY CAUSES EXCITEMENT

Miss Helen Augusta Lacy, who boasts the age of two and one half years, caused her mother and many other people a lot of worry yesterday afternoon when she wandered off from her parent, who was shopping in Penny's store. Her mother, Mrs. Thomas Lacy, was prchasing some shoes and did not notice that the child had disappeared. A frantic search ensued as soon as the loss was dicovered and police headquarters was finally telephoned Just a few minutes before this E. G. Saye happened to see Helen Augusta standing on the corner of the square in front of Byrn's Hat store. Se was crying for her "mamma." He tried to find mamma but was unable to do so right then. The little girl meanwhile imperiously led the way southward and finally brought up at Brennan's store, presumably attracted by the toys. A happy reunion was affected there when Brennans called the police headquarters and the frantic parent was given back her Helen Augusta.

THE NATIONAL G. A. R. ENCAMPMENT

L. Goheen has returned from the national G. A. R. encampment at Indianapolis and reports a fine time though it was the second meeting in succession in the capital of the Hoosier state. There was a good attendance and the old boys were treated right royally.

Milwaukee made a strong bid for next gathering in 1922 but finally Des Moines, Iowa, won out to the general satisfaction of the majority. Dr. Pilcher of New York was chosen Grand Commander and seemed to please all who met him. Though the ranks are fast thinning there was a big attendance and a fine time generally was enjoyed.

BEATS ALL BEAN STALKS YET

Not long since the Journal printed a story of over six hundred pods on a single stem of soy beans but now comes Dan Cook who hunted thru the same field and found a prolific vine which he pulled up and took to the house and in the presence of witnesses took from one stalk 1541 pods. This is a big story but it is well authenticated. They have 316 lambs feeding on the field and all are doing well. The beans were planted with the corn, as stated, the corn husked from the stalks and the lambs turned in. The crops also has a good effect on the soil.

Physicians and Surgeons Organize Jacksonville Clinical Association

The Jacksonville Clinical Association is a new organization among the physicians and surgeons of Jacksonville. The purpose of the association is to provide medical and surgical treatment without cost to the sick poor. Certain benefits are expected to accrue to the physicians and surgeons who participate, because of the advantages that are always found in clinical work and study.

The first of the clinics will be held next Thursday, Oct. 13. The morning hours will be from 8 to 12 at Passavant hospital and the work will be in charge of the members of the staff of the hospital.

In the afternoon from the hours of 1 to 4:30 the clinic will be in progress at Jacksonville State hospital and members of the staff there will be in charge. Subsequent clinics will be held at other institutions and in each instance those in charge at these institutions will direct the clinical work.

Membership in the Jacksonville Clinical Association is entirely voluntary, and those who have become associated in this work have taken the action because of the belief that while they may receive some benefit and that the conditions have created a demand for the service that the association can render. Cases which come to the knowledge because of the work carried on by the Red Cross, the Social Service League or other organized agencies will be given the attention merited.

The officers and members of the association are as follows:

President—Dr. Carl E. Black.

Vice president—Dr. F. A. Norris.

Secretary and Treasurer—Dr. Thomas G. McLin.

Drs. A. L. Adams, Carl E. Black, Edw. Bowe, E. D. Canatsey, S. N. Clark, Grace Dewey, W. P. Duncan, I. F. Freemel, T. O. Hardesty, Thos. G. McLin, F. G. Norbury, D. W. Reid, J. M. Wolf, G. E. Baxter, Ellsworth Black, G. R. Bradley, H. A. Chapin, C. E. Cole, A. H. Dollear, W. L. Frank, A. R. Gregory, E. L. Hill, Josephine Milligan, F. A. Norris, W. H. Weirich, H. C. Woltman.

Clinic Committee—G. E. Baxter, Illinois School for the Blind and Illinois School for the Deaf and Dumb; A. H. Dollear, The Norbury Sanitorium; E. L. Hill, Jacksonville State Hospital; C. E. Cole, Tuberculosis Clinic and Hospital; D. W. Reid, Passavant Memorial Hospital; W. H. Weirich, Our Savior's Hospital.

Additonal facts concerning this association appear from paragraphs from the first announcement which has just been sent out by the secretary. The paragraphs follow:

"In view of the apparent of actual increasing need of medical attention by people who are unable to pay for proper medical and surgical treatment and believing that clinical study is the most useful and most interesting method for medical meetings, as developed by many of our best organizations, the physicians have formed "The Jacksonville Clinical Association," which represents all the clinical institutions where members of the organized medical profession occupy positions on their staffs.

"The institutions named below and available for clinical study, include seven operating rooms, three X-ray laboratories, five pathological laboratories and numerous other facilities. These institutions supply over five hundred hospital beds available for clinical study, besides twenty three hundred (2300) beds at the Jacksonville State Hospital, for mental cases, and many of these would no doubt furnish profitable and interesting clinical study.

"The institutions represented in 'The Jacksonville Clinical Association' are:

"Jacksonville State Hospital.

"The Illinois School for the Blind.

"The Illinois School for the Deaf and Dumb.

"The Norbury Sanitorium.

"Passavant Mamorial Hospital.

"Our Savior's Hospital.

"Morgan County Tuberculosis Clinic."

Social Service Work

This movement is stimulated by the recent organized movements for systematic attention to school children, the sick poor and the disabled of all classes as represented by the Red Cross, the Social Service League, school nurse supervision, etc. These organizations are doing helpful community service and require organized facilities to care for those in need of medical and surgical aid. To meet these demands and to further develop and extend our facilities this organization has been formed, consisting of physicians who are willing to work together for mutual improvement and the publis good.

GADDIS FUNERAL HELD SATURDAY

Large Number Gathered for Services at Concord M. P. Church—Masons in Charge at Grave.

Funeral services for James Gaddis were held from Concord M. P. church at 2 o'clock Saturday afternoon in charge of the pastor, the Rev. J. P. Wallace. Members of Concord lodge of Masons had charge of the services at the grave.

There was a large gathering of friends which served to show the high esteem in which the deceased was held in the community in which his life was spent.

Music was furnished by Mrs. Bessie Ginder, Mrs. Frank Dover, Spencer and Elmer Smith. There were many beautiful floral offerings and these were cared for by Mrs. J. P. Wallace, Mrs. Raymond Smith, Mrs. Austin Smith and Misses Gale and Esther Nickel.

Burial was in Concord cemetery the bearers being, Raymond Smith, P. W. Murphy, Harold Joy, Charles Baylis, Clyde Cooper and Harold Leeper.

James T. Gaddis was the son of Adam and Sarah A. Gaddis and was born at Concord, December 7, 1878, and passed away at his home, one mile east of Concord, October 6, 1921.

He was united in marriage December 7, 1909 to Miss Louisa D. Harris, who preceded him in death, December 7, 1917. To this union three children were born, Francis, James Woodrow, who died on April 1, 1915, and Grace Elizabeth.

On September 4, 1918, he was united in marriage to Mrs. Olive Pires, of Jacksonville who survives He also leaves one son and one daughter, two sisters, Mrs. Clara Nickel and Mrs. Jennie Haus, both of Concord, and two stepsons, Ellsworth and Alden Pires.

About twenty two years ago Mr. Gaddis was converted and united with the Methodist Protestant church of Concord and had always lived a consistent Christian life. He held positions of trust in the church and was a member of some of the important boards.

Mr. Gaddis was a member of the Masonic lodge at Concord and had received the 32nd degree in the order. He was secretary of his lodge at the time of his death.

A TROUBLESOME ACCIDENT

About twelve Friday night Donald Joy was called from his bed to go to Winchester to help George Wheeler out of trouble. The cause of the difficulty was a mysterious fire which took possession of Mr. Wheeler's Cadillac car. The flames were soon extinguished but the car was out of commission and had to be pulled in and it was a good while before Mr. Joy reached home again. It was supposed that the fire was due to a short circuit somewhere.

Judged by price alone, any Chevrolet model is of greater value today than ever before. But this is not a fair comparison, since all Chevrolet models have been improved in construction, design or equipment.

The purchaser today secures the advantage of this added value.

In this way the Chevrolet costs less to buy that in 1917 and it is of better value because of better equipment or construction.

GREENFIELD MAN IS PLEASANTLY SURPRISED

Roe Middleton Is Given Surprise By Former Music Students—Other Greenfield News.

Greenfield, Oct. 8—The Greenfield football team was victorious again Saturday. They defeated the Virden team, 55 to 0.

Roe Middleton was happily surprised Saturday evening when about twenty of his friends and former music students of the band from Granite City came up and seranaded him. Mr. Middleton was eating his supper when the boys began playing in front of the house. They came to show the high esteem in which they held their former instructor. They gave a concert on the square until 1 o'clock.

The men's brotherhood of the M. E. church gave a banquet at the church Friday evening. Dr. M. L. Pentius of the Central Christian church at Jacksonville gave one of his interesting and instructive lectures. The ladies of the church served the banquet.

Mrs. Oscar Minor and little son, John William, were guests of her parents, Mr. and Mrs. John Moore of Alton last week.

Mr. and Mrs. Ralph Metcalf left last Saturday for Los Angeles to attend the Bankers' association.

George R. Mears moved his family here last week from near Grafton. They will reside on the Boulton farm east of town.

Mr. and Mrs. T. G. Emmerson, who have been visiting relatives here for several months left last week for their home in Vero, Fla.

Mrs. Ernest Arras, Mrs. Jessie Parks and Mrs. Harlan Edwards were St. Louis visitors Thursday.

Walter Hanback has moved his family here from Manchester. He will be one of the barbers in the Clampett barber shop.

Harvey Cravens of St. Louis was a week-end visitor at the home of his parents, Dr. and Mrs. J. A. Cravens.

Mrs. Henry Arras gave a dinner last Wednesday in honor of Mrs. Helen Ford, it being her birthday. Those present were Mr. and Mrs. Ray McCall and daughter; Mrs. Helen Ford and son; Mr. and Mrs. Sinner, Misses Jessie and Fanny Masters and brother, Fred of Jacksonville.

A good many from here attended the Greene county fair this week. Dr. Gobble, Dr. Bulger and Dr. Cravens have been taking their turn assisting with the examination of the babies at the fair.

W. W. Holliday, manager of the Illinois Telephone company, and G. H. Coultas of Jacksonville were business visitors here Thursday.

Mrs. George Hobson spent this week visiting her daughter, Mrs. John Lee, and new granddaughter.

Miss Ruth Hudson, daughter of Mr. and Mrs. Edward Hudson and Shelby Murray went to Alton Monday and were quietly married by Rev. Minor Goodsell. They are both employed in the local telephone company office and will make this city their home.

Mr. and Mrs. C. F. Quast are entertaining their son and his wife, Mr. and Mrs. Russell Quast of Henryetta, Okla., and his sister, Mrs. E. O. Seeley and children of Benton Harbor, Mich.

COLLEGE OF MUSIC NOTES

Miss Louise Miller will sing at Indianapolis at the State Convention of Music Supervisors of Indiana, October 20th. She will be soloist with a chorus of three hundred supervisors of music under the direction of Dean McCutcheon of DePauw University.

The College of Music is pleased to be able to announce the following dates for faculty and artists' recitals for this year.

October 17—Miss Davis, head of the Expression Department, will make her debut to Jacksonville.

October 24—Mr. Pearson, organ recital.

November 14—Miss Miller, soprano, and Miss Kirby, pianist, in joint recital.

November 21—Duemsnil, famous French pianist, first number of the Artists' series.

December 5—Miss Sapio, piano recital.

December 18—Christmas Vesper service.

January 9—Zoellner String Quartette, second of the Artists series.

January 16—Miss Horsbrugh, violinist, and Mrs. Forrest, soprano, in joint recital.

February 6—Miss Mehus, piano recital.

Feb. 27—Myrna Sharlow, prima donna of the Chicago Opera Association, third of the Artists' series.

These will all be held in Music Hall.

A number of the faculty members are holding positions in Jacksonville churches this year. Mr. Pearson is organist and choirmaster at Grace M. E. church; Miss Florence Kirby is organist at the First Baptist church, and Miss Myrtle Larimore at Centenary church. Miss Louise Miller is soprano soloist at the Christian church.

Thursday morning Miss Beatrice Horsbrugh, Mrs. Forrest, Miss Olga Sapio and Miss Kirby, all of the Music faculty, gave a program at the High School auditorium for the student body and faculty.

Mrs. and Miss Horsbrugh will live at Mrs. Cleary's residence, 1301 West Lafayette avenue, this winter. Miss Sapio will be with them. They are planning a series of infromal recitals for their pupils of all grades. The first will be a "Hallowe'en" party for the Juniors who will give a short musical program followed by stunts and games.

Subscription cards for the season tickets to thte Artist Series are at press and will be mailed out next week. The same hearty support from the music lovers of Jacksonville will no doubt be forthcoming this year as in previous years.

Maurice Dumesnil, French pianist, who will open the Artist Series November 21, is an artist who has enjoyed distinction in Germany, France, Spain, England and all over South America. He has been called a "modernist" but not to the extent that he has forgotten the classics, for he plays Chopin and Mozart delightfully as well. His programs always contain some new works of modern composers, as he is a favorite on both continents. His arrangements of South American folk tunes are having quite a vogue in Europe and no doubt he will play some of this music at his coming recital.

RELIGIOUS COUNT IS TAKEN AT I. C. METHODISTS LEAD

Seventy-five Followers of Wesley Attend Local School—Six Students Have No Denominational Preference.

The religious census of the students at Illinois college shows the following statistics:

Methodist	75
Presbyterian	49
Christian	45
Baptist	36
Congregational	14
Lutheran	7
Catholic	11
Episcopal	7
Other Denominations	2
No preference	6
Totals	252

Practically all of these students are members of the churches of their choice in their home towns. The number who indicate no preference is a very small proportion of the student body.

Devotional services will be held as usual at Academy Hall Sunday evening at 6:30. The leader will be Alma Shuman.

Dean G. H. Scott went to Peoria on Friday to attend the meeting of the Illinois Schoolmasters' club.

Vincent R. Riley gave a very interesting talk to the students at the chapel exercises Friday morning on "Some Recent Impressions of Ireland."

The advisory board of the Y. W. C. A., held a meeting in the rooms of Professor Isabel Smith on College avenue last Thursday night. The advisory board consists of faculty women who assist in the work of the college Y. W. C. A.

The officers of the Y. M. C. A. will put on their membership drive next Wednesday at the chapel hour. Word has been received that Tuesday, October 11th will be the anniversary of the founding of the Young Men's Christian Association.

A daughter, Mary Virginia, was born to Reverend and Mrs. W. Linn Hurie '05, who reside at Russellville, Arkansas, on September 26th.

Louis Fleury, the mathmatical wizard, who is a student at the School for the Blind will give a demonstration of his work at the Illinois college chapel Monday morning.

President Rammelkamp attended a meeting of the Board of Trustees of the Illinois State Hostorical Library in Springfield last Friday. He has been serving as acting president of the board during the past year in the absence of Professor E. B. Greene of the university of Illinois. The Historical library has recently purchased the Diary of the late Senator Orville H. Browning. Steps will soon be taken by the library board to provide for the publication of this interesting and important historical document.

Osage held a meeting in the Phi Alpha library last Wednesday evening. Various matters relating to the society and the welfare of the college were discussed.

At a recent meeting of the sophomore class the following class officers were elected: president, Robert Brown; of Divernon; vice president, Winifred Butcher of Lyman, Miss.; treasurer, Hugh Wilson of this city; assistant treasurer, Betty Palmer; and secretary, Doris Linfoot of Henning, Ill.

At the student meeting Thursday Edward Theis and Harold Downs were elected yell leaders for the college year. Bernard Frazer, Shelbyville, a junior, was elected student representative on the oratorical board.

Plans are under way for a tennis tournament, which will take place soon. About twenty boys have signed up.

The Y. W. C. A. girls plan to hold a weiner roast Monday afternoon. They anticipate a good time for all.

The Sigma Phi Epsilon girls and the honorary members of the society were entertained at the home of Mr. and Mrs. J. Frank Strawn Friday evening.

Perry La Rue ex '22 is attending the Iowa State Agricultural school at Ames, Ia., this year. Word has been received that Beulah Ennis '16 plans to work for her Ph. D. degree at the University of Chicago during the coming year. Miss Mattie Reisch ex '22, is teaching science in the New Berlin high school. Clara Belle Yehling '18, is teaching at Carterville, Ill. Of the class of '23, Harry Lock is assistant cashier at the Wabash freight house in Springfield and Vinton Wood is studying at Stanford university, California.

WOMAN'S COLLEGE NOTES

A most important meeting of the Life Service Commission of the Church was held in Bloomington Oct. 7 and 8. At this conference addresses were delivered by Bishop Nicholson and others, and the wonderful opportunities along this line of religious activities were fully explained. The Woman's college was represented by President Harker, Mr. Weber and Miss Whitmer of the faculty and Misses Margaret Fowler, Eva Gertrude Hodgens, Sarita Jones, Dorothy May Smith and Margaret Burmeister.

Mr. and Mrs. R. L. Flannigan of West Frankfort were guests at the college on Friday. Mrs. Flannigan was Miss Louise Smith before her recent marriage to Mr. Flannigan.

Miss Louise Reed of Tulsa, Okla., Miss Bernice Holnback of Greenfield, Miss Marguerite Wills of Griggsville and Mrs. R. W. Earwise of Edwardsville were among the guests at the college over the week end.

A most interesting study has been made of the distribution by business and professions of the parents whose daughters attend Illinois Woman's college, and also of the religious preference of the students. This report has been published in full in the papers. The most striking feature of the study was the large number of students who come from the farm or small centers of population. The geographical survey of distribution of students shows the largest number outside of Illinois coming from Indiana. This year there are 34 students registered from the Hoosier state, this being the largest number in attendance from that state at one time.

The Indiana club held its first meeting Friday evening. It was in the nature of a dinner party with all the students belonging to this club in one merry party. The Indiana club always shows unusual ingenuity and has a number of clever stunts and songs that make the occasion one to be remembered throughout the entire school year.

The Glee club gave a clever stunt in the Social room Thursday evening immediately after dinner in which the annual try-out for new members for the club was cleverly burlesqued.

Miss Margaret Hamilton, who is in charge of the swimming classes, already has arranged for more than twelve classes for town patrons, with practically enough additional applicants on the waiting list to assure the formation of from two to four additional classes. This feature of the gymnasium work shows a most gratifying increase in registration.

This week there have been three parties at the college in honor of Miss Cora Cherry who is soon to be married. Miss Cherry was one of the most brilliant students who has ever attended the college and was very popular among both faculty and students.

The Juniors and Seniors who spent the week end at Matanzas returned Monday evenig, delighted with the annual outing. While the weather was out as pleasant as sometimes prevails, yet the classes report a most delightful week end party.

President Harker received a letter recently from Henry Oldys, the birdman, who has given his lecture recitals in Jacksonville a number of times and who is well known here. Mr. Olyds has just returned from Europe and while in Austria he had the pleasure o fmeeting Feril Hess who is engaged in Y. W. C. A. work in Szecho-Slovakia. Dr. Oldys wrote most interestingly of his visit with Miss Hess and of the work that she is doing.

A letter from Dr. C. A. Welch, one of the trustees of the college, who has been attending the Ecumenical conference in London ,tells of meeting the Wadsworths in the territory in which they are assigned in France and where they are engaged in reconstruction work.

Mrs. T. J. Pitner has presented the college with a valuable microscope from the laboratory of Dr. Pitner, who for so many years was president of the board of trustees and always interested in the progress of the college. Mrs. Pitner also presented the infirmary with some valuable drugs which are greatly appreciated.

Miss Nellie Boyd, director of the Physical Training department, is spending the week end in Kansas City.

The New Price Of The

Chevrolet "490"

Is $25.00 less than the introductory price of this model, fully equipped, in 1915—costs less today, but represents far greater value than ever.

It has been improved in construction and equipment. Figured on a basis of the value of equipment added and improvements made, Chevrolet "Four Ninety" is sold today at a price lower than ever before.

This also holds true of other Chevrolet models. Model "FB" touring car is today listed at $160 less than its introductory price three years ago. Chevrolet Model "G" and Model "T" trucks, also, have reached low price levels that have not maintained for years.

Judged by price alone, any Chevrolet model is of greater value today than ever before. But this is not a fair comparison since all Chevrolet models have been improved in construction, design or equipment.

The purchaser today secures the advantage of this added value.

In this way an automobile costs less to buy than in 1917, and it is generally of better value because of better equipment or construction.

The Chevrolet is by far the Best and Cheapest Light Car in America. Your model is Here now on our salesroom floor.

ANNOUNCEMENT PARTY AT WHITE HALL HOME

Approaching Marriage of Miss Flossie Ligon and Mr. Judson I. Hoover Announced in Unique Manner—Other White Hall News.

White Hall, Oct. 7.—Formal announcement has been made of the approaching marriage of Miss Flossie Ligon and Mrs. Judson I. Hoover, the latter of Milton, Pike county. The intelligence was brought out in a social way at a dinner gathering at the home of a sister of the bride-to-be, Mrs. H. B. Anderson, on East Bridgeport street, the company being made up as follows: Mesdames James Haddock, Fred Ruble, Wesley Cox, Ernest Mutz, Gerald Thurman, Misses Cora Walker, Nell Ridings, Ruth Garrison, Mae Hoover and Amy Doughty. Yellow and white formed the color scheme, and a delightful luncheon was served at 6 o'clock, followed by the game of "Romance" that brought to the participants in a most happy and unexpected fashion the announcement that is an occasion of congratulation and good wishes. It was probably the most unique affair of the kind this season.

The Mission Circle of the First Baptist church forwarded a consignment of clothing, shoes and soap this week to the European Relief warehouse, New York City, for reconsignment to Russian relief. The shipment consisted of two barrels and a box, containing what is said to be a collection of valuable wearing aparel. This is the only local church to participate in the Russian relief, except that Rev. J. O. Kirkpatrick did a right smart job along this line on his own account when he found his congregation slow in acting. The Baptist contribution represented a good deal of energetic engineering under the leadership of Miss Laura Duncan. The Wendell class contributed a box of soap that was included for the starving Russians.

Mark Lowenstein was fifty years of age on Wednesday, but the event was not impressed upon him until receipt of a telegram of congratulation from his brother, Attorney H. P. Lowenstein, of Kansas City. The name of Lowenstein is equivalent to civic loyalty a nd progress, and Mark carries the name with honor to himself and to the community.

Rev. John Patterson was here this week from Darlington, Wis., having been at Springfield on business.

From all directions come reports of worms in the corn that will curtail the corn production from three to five percent. Plowing for winter wheat will be under full headway next week. There will be a decreased acreage sown this season.

Ralph R. Brown was down from Jacksonville this week. He is traveling for a farm supply house, and is most favorably known all over this section, formerly residing at Manchester.

The road between Roodhouse and White Hall was restored to traffic Thursday, after being closed for a week, during which time grading and oiling operations have put the road in fine condition for the winter. This was done because of the probability that the state hard road will not reach this end of the county before next year, but now it is stated that contracts for the entire stretch thru the county will be awarded on the 13th inst.

There is now but one telephone exchange in White Hall, the Bell exchange having been completely devoured by the Illinois Telephone Co., and the Bell office is now a thing of the past.

G. A. R. Ranks Thinning.

The thinning of the ranks of the G. A. R. is forcibly brought out in a letter from Capt. Green P. Hanks, Co. A, 61st Ill. Inf., of Johnson, Ark., formerly of Patterson. His company is one that was largely made up in this locality, and the only survivors are Samuel J. Rigg and L. Nelson Ballard of White Hall and Squire Reamer of East St. Louis, all three of whom are in a good state of preservation, Mr. Reamer running up here occasionally. For years Reamer with his drum and the late G. R. Strickland with his fife formed the basis of a martial band that was the greatest attraction of the kind in this section of the country. Capt. Hanks writes as follows under date of the 3rd inst:

"I was the last captain of Company A, 61st Illinois Infantry. I am 84 years old, and will soon follow the great majority of my comrades. I met Judge Stillwell this fall. He was on an outing near here, and spent a day with him at his camp. We had a great time talking over our soldier experiences. We spoke of Tom Pierce. He was a great singer, and the judge loved to hear him sing. Remember me to all of the 61st boys in and around White Hall who are living. Tell them to write me. With kind regards I remain your friend, G. P. Hanks, late Capt. C. A, 61st Illinois Infantry."

is the guest of her daughter, Mrs. Frank Beauchamp.

Rev. Vatthaner and Henry Lovekamp are attending synod in Danville this week.

J. R. Bowling visited with his family in Springfield Wednesday.

Mrs. Mary Burrus returned to Quincy Tuesday after several weeks stay at her home here.

Mr. and Mrs. Fugate of Springfield visited with friends here several days this week.

Mrs. Ray Wade and children spent Thursday at the home of her sister, Mrs. Henry Wax, near Jacksonville.

Ask Some One Who Was There!

On Wednesday at Northminster church, the New Edison proved that there is no difference between its Re-Creation of music and the original music. It was proof that would be good in any court of law.

If you did not attend, take the trouble to find out exactly what happened. Investigate all the details of this drastic test. It was given particularly for the music-lovers of Jacksonville,—so that they might know, through their own personal experience, that there is a phonograph which can give them the exact performance of the living artist.

Amy Ellerman, famous contralto, made the test. She stood on the platform, beside the New Edison. She sang. In the midst of her song, she stopped singing. The New Edison took up the song, and continued it alone. Thus they alternated—singer and phonograph.

The audience had to watch Miss Ellerman's lips, in order to be certain which was singing. The New Edison's triumph was complete and spectacular.

A similar test was made by Miss Vera Barstow, with Re-Creations of her violin. Again the same result.

Remember that no other phonograph can sustain this test! Remember that you want a phonograph which does! And remember that the New Edison did it—right here in Jacksonville.

The NEW EDISON

"The Phonograph with a Soul"

You can have, in your own home, the exact kind of instrument used in the test. This was an Official Laboratory Model—out of our own stock. Select any Official Laboratory Model in our store, and we will guarantee every thing that was done in the test at Northminster church.

Ask us about our Budget Plan. It brings you this New Edison for a small payment. Any man or woman, tee it to sustain the test of direct comparison, and to do thing that was done in the test at Northminster church.

SUN SHARKS WILL BE CONVERTED INTO MONEY

Huge Sun Sharks Along Coast of British Columbia Have Many Valuable Products.

VICTORIA, B. C., Oct. 8.—(By A. P.)—Sharks in the waters along the British Columbia coast are to be turned into leather, liver oil, fertilizer, jewelry, and finally dollars, according to plans of Sidney Ruck, head of the Consolidated Whaling company, who has resigned to launch the new industry. Organization of the new company has been completed, and the reducing plant will be erected on the Alberni canal.

Shark fishing, like whaling is to be carried on along the west coast of Vancouver Island, where. Mr. Rucsk says examination has shown that the huge sun sharks, some of them weighing two thousand pounds, race up and down in schools of thousands. Recently one of the coasting steamers reported running into a solid mass of these big fellows.

Fishing for the sharks will be carried on after the fashion of whaling with harpoons shot from guns.

Livers of some of the big sun sharks, which are 60 to 65 per cent oil, yield up to twenty gallons of the finest shark oil. It is used for medical purpose and lubrication of delicate mechanisms. Livers of the smaller mud sharks, found in the waters between the island and the mainland, yield about ten gallons of oil.

Teeth of sharks are in great demand for the manufacture of necklaces, it is statd, owing to a new fad in neck ornament which recently developed.

The fins are almost pure gelatine. They are cured and sold to Orientals, who use them in preparation of table delicacies.

Membranes and intestines are turned into gloves, glue and gut, blood and flesh into chicken food and fertilizers. The head is a solid mass of cartilege glue.

The most valuable part of the fish is theskin, which has the toughness of vulcanized rubber. The outer surface is as rough as sand paper. This is taken off by acid treatment, and the skin is tanned.

NEBRASKA CAPITAL TO CARE FOR DOGS

Plans to Give Friendless Dogs Care—Citizens Prohibited From Destroying Dogs.

LINCOLN, Neb., Oct. 8.—(By A. P.)—The canine waif without friends or home is to have a double chance for life and luxury in Lincoln. Before death reaches the friendless dog in this community the city and the Lancaster County Humane society will have exhausted every means of providing life and life.

The sick and crippled will have a regularly employed veterinarian at their call, Dr. C. J. Norden by name, who will devote his time to saving lives.

A tract of land has been set aside as the home for orphan dogs, provided with kennels and runways similar to the breeding kenenls of pedigree stock. These temporary homes are sanitary.

The people of the city are compelled thru ordinance to notify the society of the presence of a stray dog. A city ambulance answers summons day or night.

Citizens of Lincoln, also, are prohibited from destroying dogs in any manner. Any person who poisons or in any other manner does away with a dog is subject to heavy ifne.

Dogs falling into the care of the humane society have a ninety-nine per cent chance of finding a home But very few dogs have been destroyed. A regular booking agency is established by the society, an agency that lists persons wanting all classifications of dogs.

RUM RUNNERS ALSO BOTHER EUROPE

COPENHAGEN—(By The Associated Press.)—Europe has its rum-runners, as well as America. Fifty per cent of Danish shipping is still idle and many smaller craft are employed in organized smuggling of whiskey, gin and other alcoholic beverages to wet inhabitants of dry countries like Norway and Finland and in a smaller degree to Sweden.

A yachtsman who has been cruising in Norwegian waters told the correspondent that the price of a drink has doubled or trebled in Norway, where prohibition rules.

Just outside the three mile limit are anchored ships, mostly Danish and German, but also a few British, with cargoes of prohibited drinks and round every one of thse ships are dozens of small Norwegian boats waiting their turn to get part of the costly cargo.

To as it Norway in enforcing her prohibition law. Denmark has prohibited the export and reexport of spirits. This merely means that the smugglers go to German and British ports to buy whiskey and gin and return once more to their trading stations just outside Norwegian territory.

The yachtsmen said the Norwegian police and custom officials were powerless to deal with this industry and that practically every owner of a sailing or rowing boat in the little towns on the Norwegian coast is a smuggler.

The smartest of the rum-runners have turned the saloons of their ships into cabarets and do a roaring trade selling drinks over the counter.

YANK SOLDIER HAD QUESTION TO ASK

Colenz — (By the A. P.)—A learned professor has just concluded his lecture on trigonometry,illustrating on a huge blackboard the various figures under study, and the audience of earnest students, young and old, was still under the spell of his wizardry.

"Has any one any questions to ask?" said the professor. "I shall be glad to answer any question."

Just then, a tall youth wearing the uniform of a member of the American Forces in Germany, arose with a stait as if coming out of a deep sleep. With a few companions he had wandered into the large hall and finding many unoccupied seats, had made themselves at home. In most classical German, he asked:

"Can you tell me why German chimney-sweeps wear top-hats when on duty?"

NOW FULL OF NEW LIFE AND ENERGY

Melbourne Can Do As Big Day's Work as He Could Fifteen Years Ago—Sleeps Like School Boy

George W. Melbourne, 609 Eagle St., Joliet, Ill., well-known yard master for the Elgin, Joliet & Eastern railroad at Waukegan, Ind., has the following to say about Tanlac:

"I don't hesitate to recommend Tanlac to any one, for I have all the confidence in the world in the medicine. Why, it put me on the road to health, and has fixed me up so fine that I can do as big a day's work as I could fifteen years ago and not feel any the worse from it. During the war my duties in the yards kept me on the go most all the time, both night and day, and I got in such a run-down condition I could hardly stay on the job. My nerves became unstrung, I lost my appetite and the little I did manage to eat wouldn't set right with me. I bloated terribly with gas, had awful pains around my heart and was so nervous and restless I got very little good from my sleep. I went down in weight and strength, felt tired and wornout all the time and was in mighty bad shape.

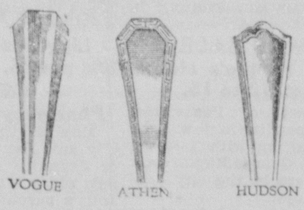

"Well, sir, five bottles of Tanlac have built me up and made me as healthy and strong as I could ask to be. I never had a better appetite, everything agrees with me perfectly and I sleep as sound as I did when I was a school boy. I'm so full of new life and energy that I feel like a different person and there's nothing too good I can for Tanlac."

Tanlac is sold in Jacksonville by J. F. Shreve and by leading druggists everywhere.—Adv.

With Morgan County Poets

Poetry (and music) should be taught in all the public schools, beginning with the first grade. Not that it should become mere drudgery, like grammar, or penmanship. Sometimes pupils learn more at play than at lessons. They will study and learn, if they can see the object of it.

An hour could be made profitable any time by announcing a sort of verse contest. Let the teacher give out a simple subject, and the pupils start writing verses—or jingles. Let it take the place of the old-fashioned spelling-match, that we used to have Friday afternoons. Do you recall the enthusiasm over those matches?

To be sure, some won't do very well at first. But they will derive pleasure and profit from reading the efforts of the successful ones, which could be put on the board, to remain till the next contest.

A series of such exercises would no doubt increase every pupil's vocabulary, improve his grammar, rouse his interest in writing as a pursuit, and that without his realizing that it had been anything in the way of a task.

The following poem will doubtless awaken a response in the hearts of many of our summer emigrants.

ON GRAND TRAVERSE BAY

The lazy waves break on the beach,
Their foamy fingers cling and reach,
The wet sand glistens in the sun,
Along the shore the curlews run.

So blue the sky, the bay so blue,
We turn to rest the eye anew
Where rich, dark green of Norway pine
With spruce and cedar upward climb.

A scarlet flash across the green—
The tanager, so seldom seen
In haunts of men, now wings his flight,
And passes swiftly out of sight.

A lively chatter overhead—
The busy squirrel hears our tread,
And warns his "Brothers of the Air"
Of our intrusive presence there.

The Lady Birch in lacy gown
Stands pure and white, and ne'er looks down
At bold Sir Birch, who follows close
Where'er the dainty damsel goes.

Across the bay the purple haze
Turns deeper blue in sunlight's rays;
Omena's hills lie bright and fair
Back from the curving shore-line there.

So sweet the quiet of the wood,
Such solace for each vexing mood,
The murmuring pines, the breaking waves,
The blessing solitude one craves—

We sleep to dream, a dream most fair
That nevermore, distraught with care,
Must we return to anxious hours,
The City's busy marts and towers;

But ever rest beside this Bay,
Where sun and shadow softly play,
No sound to break the silence more
But splash of wave upon the shore.

—ELIZABETH PORTER CLARKE.

INDIANS STAGE OFFERING DANCE

Arapahoe Tribe Lets Whites Witness Famous Dance—Description Given of Preparations.

By Associated Press

Geary, Oklahoma—The "Offering Dance" of the Arapaho Indians of Oklahoma, which closed here in recent date, was witnessed and chronicled by the paleface for what is believed to be the first time. The offering is the final ceremonials to be borne by candidates for the highest degree in the strongest religious fraternity of the tribe.

The ritual was witnessed by a party of Oklahoma city physicians and nurses who visited the encampment of Arapahoes, who were being visited by the Comanches, Cheyennes and Kiowas, during a study of skin diseases of the Indians being prepared for the United States Public Health Service.

A member of the tribe and a lecturer on Indian Folk lore for a national museum was present and explained much of the ritual to Dr. Everett S. Lain and Dr. Claude B. Norris, leaders of the party.

Six white persons in all witnissed the ceremony.

More than 2,000 Indians, in all, were present.

In preparation for the offering dance also called the "Willows dance," a huge lodge was constructed about 75 feet in diameter.

It took several days to complete the lodge, according to members of the tribe, as each pole going into its construction was blessed separately by tribal priests.

Clever Warden, the lecturer, said the foundation for the order extends so far back that, according to tribal interpreters, the "moons which have elapsed since that time have gone from the memory even of tradition, and the tradition and legend extend back hundreds of seasons."

Candidates for initiation may make application to join, after they have committed some extraordinary brave act, have been fearless in leadership, renowned in politics of the tribe, or in some way distinguished themselves greatly the interpreters told the physicians.

Two of the candidates were veterans of the world war. One had been seriously wounded. Directly east of the center pole an altar fire, or sacred fire, as it was called was kindled.

Half a dozen warriors beat rythmically on a tom tom during the dance.

The candidates first fasted for two days and then offerings for th Great Spirit were brought in by the candidates, who placed them within the sacrifice grounds and stooping thrust a buffalo tooth into the ground. The warrior who followed had to locate the tooth, and re-thrust it into the ground. Then the feast of the year was brought in. The candidates, however, did not participate.

Standing, they extended their feet so that the soles touched live coals. Without making any outcry the candidates in this position submitted to the painting of their bodies by the priests.

They were allowed to choose the color with which they were painted, according to the tribe's interpreter. If they chose white, it was taken to mean they would continue the ceremony as long as they were able without compie psysical exhaustion. If, however, they chose yellow, it was explained, the warrior had pledged to continue the ceremony to the end, tho he should endanger his life by so doing.

It was explained by the interpreter that thru the entire ceremony the wives of all married candidates had been enduring their fasts and tests, behind a flap in the rear of the lode. They were kept hidden from the initiated, however, until the conclusion of the ceremony.

Th beating of the tom tom rose and became a roar and the dance was begun.

For forty eight hours they danced.

Those who encured won the degree. Those who did not have the privilege of trying again the following year, it was explained.

Soon after the final dance, the tepees were dismantled, and the caravans of Indians departed over the Oklahoma plains.

ISSUED NEW TEXT OF U. S. CONSTITUTION

Government Bureau of Naturalization Issues Simplified Text for Use in Preparing Foreigners for Citizenship.

CHICAGO.—(By A. P.)—Simplifed so that a child can understand it, a new text of the Constitution of United States, has been issued by the government Bureau of Naturalization, Washington, D. C., for use in preparing foreign-speaking people for citizenship. This book, advance copies of which have just been received here, is the work of Edgar M. Ross, a former Chicagoan, in co-operation with a Y. M. C. A. commission on immigration and Citizenship.

Meaning and pronunciation of each word in the constitution is taught in the text, according to the Robert's Method. Each paragraph is translated into simple language and this simplification apears along side the exact wording of the text. The author has in many cases given the meaning of a paragraph in less than half the number of words required in the original text. Pictures are used extensively and half tones of the Capitol building, Lincoln Washington and other subjects are distributed thruout the text.

Government authorities expect wide use of the book both in the public schools in the teaching of children and by Americanization workers in helping aliens secure citizenship papers.

Raymond F. Crist, director of citizenship of the Buerau of Naturalization supervised the preparation of the text. The special comittee which assited Mr. Ross in the work was composed of John F. Voight, chairman; Charles V Jewell, H. E. Mallory, R. C. McNamara, Fred J. Schlotfeld, J. A Miller, W. F. Lorenz, and Abraham Bowers.

NEWS OF THE SPORT WORLD

JACKSONVILLE WINS FROM ALTON HIGH

Defeated Visitors in Well Played Game by Score of 7 to 0—Alton Threw Scare Into Fans With Long Pass in Fourth Quarter.

In a game marked by good playing Jacksonville High won its first home game of the season on Illinois field Saturday afternoon by a score of 7 to 0.

Jacksonville looked good to the fans, much better than at this time a year ago. If Coach Mitchell can avoid injuries during the season he should have the best squad that has represented the local school in several years.

Hunt was at quarter in the game and considering that he is new in position he ran the team with good judgment. He also did good work in carrying the ball and it always took several Alton tacklers to get him down.

Arter, C. Hoper and Corbridge also made good gains and were able to rip the Alton line thruout the game for substantial gains. Arter did splendidly fine work in the last quarter. Goebel and Putnam played the wing position well while R. Hoper, R. Arnold, E. Arnold, Hackett and Camm in the line were able to repel the attack of the Alton team with ease. R. Arnold also carried the ball well when it was given to him.

One of the things that impressed one most with the Jacksonville squad is their pysical condition. The men are all in excellent shape and seldom had to call for time out. On the contrary Alton men were laid out after nearly every scrimmage and it was this difference in condition that gave Jacksonville a big edge on her opponents.

Alton showed a well balanced team which had the Minnesota shift perfected to a high degree for a high school team. However, Jacksonville was able to stop this play and it was only by a forward pass that Alton was able to make any headway. In the final quarter Alton got a forward pass away and the receiver carried it forty yards before being downed. The next Alton pass went over the goal line and was incompleted and Jacksonville received the ball on her own 20 yard line.

Score Made in First Quarter.

At the begining of play Jacksonville kicked off to Alton and son forced her to kick. After making first down Hunt tried a drop kick that went wild and Alton put the ball into play on her own 20 yard line.

Arter intercepted an Alton pass and ran the ball back ten yards. Jacksonville immediately made first down with end runs and tackle plays. R. Arnold carried the ball into the shadow of Alton's goal and C Hopper carried the ball over for a touchdown. Hunt kicked goal.

During the remainder of the first half the ball passed over frequently as neither team was able to gain consistently. Practically all of the playing was done in Alton territory.

When the second half opened Alton kicked off to Jacksonville and for a time the visitors kept the ball in Jacksonville territory, tho they never seriously threatened the local's goal. However, the locals soon got the ball back in Alton's territory and kept it there the remainder of the game except when Alton got away with her long forward pass.

In the last quarter Alton kicked nearly every time she held Jacksonville for downs or got the ball on a kick. This was interspersed with the passing game in which the visitors showed their greatest proficency. This was the only place in which Alton team had the locals guessing. They seemed to be unable to solve this game as easily as they did Alton's other formations and the visitors were always dangerous when they were using it. The lineups.

HAMLINE U. WON FROM CORNELL COLLEGE

CEDAR RAPIDS, Ia., Oct. 8.—At Mount Vernon, Ia., this afternoon, Hamline University of St. Paul, defeated Cornell College, 13 to 2. Cornell scored two points in the first quarter on a safety when a kick was blocked.

Hamline scored two touchdowns in the second quarter, when they skired the end and went down the field on successive plays and when Kaplan caught a punt in midfield and ran fifty-five yards for a score. In the second half Hamline was on the defensive all the time, but Cornell could not score.

Illinois Downs South Dakota

URBANA, Ill., Oct. 8.—Illinois downed South Dakota University 52 to 0 today in the first game of the season for the Illini. Coach Zuppke used two teams, sending an entirely new line-up in at the end of the third quarter and repeatedly shifting the players to new positions.

In spite of the score, Illinois' play was rather ragged with the exception of the moments when touchdowns were being forced across the goal line. Crangle at full back and Peden at half were the stars of the Illinois backfield.

MINNESOTA PLAYS STRAIGHT FOOTBALL

MINNEAPOLIS, Oct. 8.—Disclosing only one or two plays outside the straight football category, Minnesota captured its first 1921 Big Ten conference start today, defeating Northwestern, 28 to 0.

Minnesota's flashy halfback, Arnold Oss, was injured early in the first period, and was replaced by Bailey. Oss' leg was injured, ut he was ale to walk from the field.

Except for several successful forward passes—the short fast varieyt and a delayed line plunge on an end line formation the Gophers kept to the old style game.

WHITE HALL SWAMPS GRIGGSVILLE HIGH

Defeat Pike County Team by a Score of 122 to 0—Goode Made Seven Touchdowns.

WHITE HALL, Oct. 8.—White Hall's football warriors won from the Griggsville high school football team by the score of 122 to 0, here today. Griggsville did not show much class and the locals almost scored at will. However, the visitors displayed great pep when on the offense but failed to get close enough to score at any point in the game. White Hall showed more dash today than at any time this season, although some of the regular players were out of the game and second string men were used.

White Hall's score was the result of eighteen touchdowns and after touchdowns. Smith, halfback, and Goode, fullback, led in the scoring. Smith scored seven touchdowns and made all of the kicks after the touchdowns, for a total of fifty-six points. Goode scored seven touchdowns for a total of forty-two points. Painter, quarterback, scored two touchdowns and Search, an end, also got in on the scoring. The weather was ideal and a big crowd was present.

OAK PARK WINS FROM CHAMPAIGN

Gives Down State Team First Defeat in Five Years — Two Players Get Broken Collar Bones.

CHICAGO, Oct. 8.—The Oak Park football team today gave the Champaign high school team its first defeat in five years, winning 23 to 7 in a game looked on by many as for the prep school championship of the state. More than 7,000 persons, a record for local high school games, witnessed the contest.

Walters, Champaign half, and Loomis, Oak Park fullback, both suffered broken collar bones.

Oak Park won its first touchdown five minutes after play began, straight football bringing the score. Champaign's scores came in the third quarter when Baxter, negro star of the team, dashed sixty yards through the Oak Park team for a touchdown and Fox kicked goal.

WESLEYAN WON HARD GAME FROM KNOX

BLOOMINGTON, Ill., Oct. 8.—Wesleyan outplayed Knox today, winning a hard fought game by a score of 12 to 7.

Zinser was the offensive star for Wesleyan, scoring a touchdown after two brilliant end runs in the first five minutes of play and repeating a short time later.

A forward pass, a penalty on Wesleyan for holding and another forward pass put the ball on Wesleyan's five-yard line in the third quarter and Staurt and Goram carried it over on straight line bucks.

Zinser and Haussler starred on the offensive for Wesleyan, while Gottschalk's work at tackle was spectacular.

Goram and Stuart were the bright lights for Knox.

TWO BLOCKED KICKS WIN FOR CHICAGO

CHICAGO, Oct. 8. — Two blocked kicks turned a stubbornly fought gridiron battle today and gave the University of Chicago a 9 to 0 victory over Purdue.

Chicago used the forward pass effectively and several times forced the ball into deep Boilermaker territory.

The Husky Indianans held at the crucial points, however, and Chicago was unable to push the ball across.

The game was largely a punting duel with the ball in Purdue's territory most of the time.

Most of the Purdue forward passes were incomplete, while Chicago used the air route, usually for good gains.

HARVARD FINDS INDIANA EASY

CAMBRIDGE, Mass., Oct. 8.—Hravard defeated Indiana today 19 to 0. An eastern eleven in the making met a western conference team almost intact from last year and stopped it without great effort. The Hoosiers appeared at a loss to get started lacking the strategy to get under way, and when Harvard fumbles gave them the ball, they did not seem to have the strength to follow up the advantage for score.

For the first two periods Indiana was content to kick every time it got the ball. In the last two periods the Hoosiers, twice recovering Harvard fumbles tried to go forward by rushes and by forward passes and succeeded to the extent of several first downs, but never to the point that score appeared possible.

Many New Records Made by Swatters

CHICAGO, Oct. 8.—The baseball season just closed was productive of a number of new records, according to the unofficial averages which are released today and which include the games of Oct. 2. "Babe" Ruth was responsible for at least three new records.

The home run slugger of the pennant winning Yankees broke his own record for circuit drives made in a single season, by pulling up with 59 four ply blows. In crashing out this string of home runs Ruth shattered the mark of Gavy Cravath for total circuit drives during his major league career. Ruth since coming into the major leagues has slammed out 162 circuit drives. The former mark held by Cravath was 117.

Ruth also boosted the American League record as a run getter by registering 178 times, which exceeds his former mark of a year ago by twenty runs.

The total base record of the American league established by George Sisler, of St. Louis, last season was also exceeded by the heavy hitting Yankee star, who in making 204 hits, rolled up a total of 455 bases. The former league record was 399.

There is much doubt os to who was the best hitter in the American League. Some statisticians in their unofficial figures have given the honor to Harry Heilmann, the hard hitting Detroit outfielder, while others, among them the statisticians of the American League says that Heilmann's boss, Ty Cobb, is the champion. According to the unofficial averages compiled here by the league statistician the Detroit pilot finished three points in front of his outfielder. The figures available here show Cobb finished with an average of .390, while Heilmann's mark is .387. According to these records Cobb played in 128 games, was at bat 505 times and cracked out 199 hits, Heilmann's record shows that he played in 149 games, and made 233 hits in 606 times at bat. Other statisticians have figured that the Detroit sluggers were practically tied at the wire with .390, but when carried to four figures, Heilmann was given an edge by a margin of .0003. Cobbs's mark in this case was .3901 while that of Heilmann was .3904. According to these figures Heilmann is credited with 235 hits, while the figures which give the Georgia peach the honors, credit Heilmann wiht only 233 hits.

Rogers Hornsby of the St. Louis Nationals put up a merry race to enter the select "400" hitters who attained fame in the National League, but missed the coveted goal by one point. Hornsby's final avehrage was .399.

Jay Kirke, the first baseman of the Louisville American Association established a new world's mark for hits in one season, by breaking the record made by L. A. Miller of Oakland last season. Kirke made his 282nd hit as the curtain was rung down and beating the mark of the Pacific Coast slugger by two hits. Kirke's record, however, was made in fewer games than that set up by the Oakland star, who made his mark in 199 games. Kirke played in 169 games.

The base stealing honors in the American league were captured by George Sisler of St. Louis who swiped 32 bases, while Frank Frisch of the Giants, with 47 thefts, carried off the prize in the National league. In the American Association Baird of Indianapolis had a run away race for the honors, finishing in front with 72 thefts.

George Kelly of the Giants carried off the home run honors of teh senior major league with 23 circuit drives under his belt, while Bunny Prief of Kansas City, was easily the best home run hitter in the American Association, with 42 four ply blows.

Leading batters of the National League who have played in 95 or more games:

St. Louis, .399; Roush, Cincinati, .353; McHenry, St. Louis, .359; Cruise, Boston, .349; E. Meusel, New York, .343; Fournier, St. Louis, .343; Frisch, New York, .340; Cutshaw, Pittsburgh, .340; J. Smith, St. Louis, .332; Groh, Cincinnati, .330.

American League:

Cobb, Detroit, .390; Heilmann, Detroit, .387; Ruth, New York, .377; Sisler, St. Louis, .371; Speaker, Cleveland, .359; Jacobson, St. Louis, .354; Tobin, St. Louis, .351; Williams, St. Louis, .345; E. Collins, Chicago .337; Veach, Detroit, .335.

American Association:

Kirke, Louisville, .386; Russell, Minneapolis, .368; Butler, Kansas City, .367; Brief, Kansas City, .361; Thorpe, Toledo, .361; Lear, Milwaukee, .358; Fisher, Minneapolis, 351; Acosta, Louisville, .350; Good, Kansas City, .349; Chiners, Indianapolis, .347.

MARION HOLLINS NEW GOLF CHAMP

Defeated Miss Alexa Stirling in Finals—Five and Four.

DEAL, N. J., Oct. 8.—A new champion woman golfer of the United States was crowned on the fourteenth green of the Hollywood Golf club today, Miss Marion Hollins, a member of the Westbrook Golf club of Great River, N. Y., succeeding Miss Alexa Stirling of Atlanta, Ga., who had held the title since 1916.

In the final round of the week's annual national tournament Miss Hollins defeated Miss Sterling by five and four in a thirty-six hole match. Miss Stirling was never in the lead and was four down after the morning play of eighteen holes. Miss Hollins consistently outdrove her much younger opponent and this told in the end in the strong wind which marked the morning play. They fared about alike in approaching putting.

Heavy rain was falling as the afternoon play began. Before it had ceased Miss Stirling had cut her opponent's lead to one up by winning three of the first four holes in the afternoon. The minute the rain stopped Miss Hollins had better control of her long tee shots and began to increase her lead. At the turn in the afternoon she was four up. She lost two and won three of the last five holes of the match.

LOMBARD SHOWS CLASS AGAINST BRADLEY

PEORIA, Ill., Oct. 8.—Lombard clearly established a claim to I. I. A. conference consideration for championship honors today when it trampled the Bradley Institute machine here today 59 to 0.

Action centered around Quarterack Lamb who scored two touchdowns and proved to be a whirlwind on the offense.

The Galesburg band was conceded an advantage over the locals but they scored a huge surprise with their onslaughts.

Captain Turner scored three touchdowns after pretty runs, while Hess, Munson and Swanson each registered.

Swanson kicked eight goals out of eight chances and lifted a goal from placement.

WAVERLY HIGH WINS OVER PITTSFIELD

Defeat Old Rivals by Score of 35 to 6—Pittsfield Started Off Strong, Making Touchdown in First Five Minutes' Play.

Waverly, Oct. 8.—Waverly high school trampled on her old rival, Pittsfield high, here this afternoon by a score of 35 to 6.

The game was a clean one and well played on the part of both teams. Only two penalties were called, both of these on Waverly for offside play.

Waverly kicked off to Pittsfield and the visitors started off as though they were going to make a runaway of the game. The visitors carried the ball straight down the field for a touchdown but failed to kick goal. This was all for Pittsfield, however, as Waverly started to play the game and easily held her opponent during the remainder of the game.

Waverly's first score came on a pass to Harris for twenty yards for a touchdown. Loving made the other four touchdowns for Waverly. On his first touchdown he skirted the end for thirty-five yards. The next one came when he caught a short kick and ran sixty yards for a touchdown. His next one was made on an end run and his last which furnished the real thrill of the afternoon was when he intercepted a forward pass and ran eighty-five yards for a touchdown. He also kicked all five goals for Waverly. Thurman of Illinois College was referee, and Riley of the same institution, was umpire.

OHIO STATE GETS UNEXPECTED UPSET

COLUMBUS, O., Oct. 8.—Ohio State, Western conference prospects were given a set back today when Oberlin, a small up-state college, accomplished the unexpected and defeated the Buckeyes seven to six. Ohio State showed little of the driving offensive which earned the conference championship last year and was unable to stop the swift Oberlin backs. The game was played on a soggy field the result of a heavy rain last night.

CALIFORNIA TO HAVE WONDER TEAM

State University's Football Team to be Even Stronger Than Last Year—Will Have Stronger Competition.

BERKELEY, Cal., Oct. 8.—(By A. P.)—Another football "wonder team" is being whipped into form at the University of California, according to Andy Smith, former University of Pennsylvania player and now head coach at the local institution.

Smith expects the 1921 California varsity to be even better than the 1920 team, which piled up big scores on nearly every western eleven it met, won the Pacific Coast conference championship without being pressed and defeated Ohio State University's team, Big Ten champion, at Pasadena New Year's Day.

"Prospects are so good I'm scared," Smith said recently. "I've started seasons like this before, only to have everything go wrong as the seasons continued. We were lucky in the matter of injuries last year and cannot hope to be so fortunate again."

Of the first twenty California men who won their block letters for football last year, sixteen are on this year's squad. Of the four missisng, three, "Cort" Majors, 1920 captain, Karl Deeds, half and "Pesky" Sprott, half, were on the regular team which played in all games last year.

"Brick" Muller, who gained fame when he threw a 50-yard for ward pass in the Ohio State game will be back at end this year, as "Brodie" Stephens, who caught the pass, and who was a substitute end last year. For the balance of the line, the following veterans are reported, guards: Lee Cramer and "Fat" Clark; tackles, Charles Toney, Dan McMillan, "Stoop" Barnes and Charles Dean; center, George Latham. In the backfield the following veterans are back, Charles Erb, quarters, "Dutch" Eells, "Chip" Toomey, A. Van Sant, half backs and J. B. Morrison and Archie Misbet, fullbacks.

SWIMMER MAKES NEW RECORDS

New York. — Checking up has shown that Miss Charlotte Boyle, of the New York Women's Swimbing association, estalished a new world's record for women in the 220 yards event when she negotiated the distance in 2:51 2-5 in the Mtropolitan A. A. U., championship swimming meet. Unofficial reports at the time of the meet gave her time as 2:21 2-5.

Miss Boyle was credited with having set the previous record in 1920 by swimming the 220 in 2:53 4-5.

Ruth Out of World's Series

NEW YORK, Oct. 9.—Babe Ruth, champion home run slugger was told by Dr. George D. Stewart late today that his infected left arm, operated on Friday must be given at least a week's rest. This means that the Yankee's star, if the doctor's advice is heeded will n ot appear in ther remainder of the world's series. Ruth's arm was injured just above the elobw fllust two weeks ago when he stole second base in a game with the Cleveland Indians. After the game Friday with the Giants an incision was made. He carried it in a sling when he appeared in the grand stand at the Polo Grounds for today's game. Ruth admitted that if he took the advice of his doctor he would not play again this season.

"But my absence won't hurt the Yankees," he said, "it will only make them fight all the harder."

ILLINOIS MEN GET LOST; TEAM LOSES

Several Men Did Not Get in Game Until After Three Quarters Had Played, Then Scored Thirteen Points.

KIRKSVILLE, Mo., Oct. 8.—Illinois College lost to Kirksville here today 16 to 13, the big factor in the defeat of the visitors was the non-arrival of several Illinois players until after three quarters had been played. Illinois' big right tackle was one of the men in the late arrivals but when he was sent into the battle the visitors took on new life but Kirksville had too big an advantage to be overcome. Illinois relied on the forward pass to gain while the home team played straight football. Kirksville scored a touchdown in the first and second quarters while Illinois made a safety in the second quarter. The score:

Kirksville	7	9	0	0	—16
Illin's College	0	0	0	13	—13

SPRINGFIELD MEN WILL PLAY TODAY

Expect to Drive Over and Will Play a Practice Round This Morning — Finals in Consolation Tourney to Be Played This Morning.

Word was received from ouglas Cadwallader and Noah Dixon of Springfield last night, that if the weather was favorable they would drive over this morning in order to play a practice round on the Nichols Park links.

If the weather is bad they will come by train. The foursome will start at 2 o'clock and will be of eighteen holes.

The finals in the consolation tournament will be played this morning at 9 o'clock. C. J. Wright and Bob Capps won their way to the finals in the consolation and golf fans look for an interesting match when they meet this morning

GLARK GREEN CLOSES SUCCESSFUL SEASON

Clark Green, the well known driver of speedy horses, has returned from a circuit w ith a good record. He had two pacers and two trotters and showed the heels of his animals to good advantage. Two horses were entered six times each and one of them failed but once to take money and one didn't fail at all. One horse was entered eight times and failed but once to take the money. One was entered eleven times and failed but once to take money and one was entered nine times and failed but twice to take money.

Mr. Green's circuit took in Knox City, Mo.; Grove City, Mo.; Patternsburg, Mo.; Shelbina, Mo.; Quincy, Ill.; Marshalltown, Iowa; Toledo, Iowa and Macon, Mo.

Mr. Green says he as had better seasons than the one just ended but he has done very well considering the time and all conditions. If anybody can make a horse win money in an honest race it is surely Mr. Green.

VISITORS FAIL TO SEE HAMLET'S GHOST

Copenhagen, — (By the A. P.) —Returning from a visit to Hamlet's grave, one of the American delgates to the International Psychic Congress just held here said with evident regret that the 40 delegates saw neither Hamlet's ghost nor the ghost of Hamlet's father stalking the historical ramparts of old Elsinore Castle.

The president of the Congress, Dr. Kort Kortsen, said that he was disappointed at the outcome of the congress.

"We scientists," he said, "proposed to give spiritualists a fair trial to demonstrate the scientific basis of their cult. They have done nothing to convince anybody. They arrived without their mediums, bringing photographs only of their materializations. We demanded proofs but only got statements. That is not science, therefore we scientists must protests."

MUFF BY FLACK GAVE SOX GAME

Drops Fly in Ninth and Allows Score to be Tied—White Sox Then Win in the Tenth.

CHICAGO, Oct. 8.—A muff by Max Flack in the ninth inning and timely hitting by Mulligan and Strunk in the tenth enabled the Chicago White Sox to defeat the Chicago Cubs 4 to 3 today, making it three straight in the series to decide the city championship.

With a man on third and the tieing run on second and two out in the ninth inning Sheely flied to Flack who dropped the ball and the score was tied and forced into extra innings. The Cubs were leading the White Sox 3 to 0 having scored twice in the first inning on two hits and a pair of errors and put over the third run on two passes, a single and two sacrifices. Percy Jones, who was on the mound for the Nationals permitted only one hit, a scratch single by Hopper in the second inning up to the tenth.

In the ninth inning he wavered and walked two men and in fielding a grounder became confused and threw too late to get a force out at second.

An infield out sent one run home and after the next man popped out Sheely hit to Flack who dropped the ball which resulted in the tie score.

Mulligan started the tenth with a single and Jones then was replaced by Freeman. A sacrifice and walk and Strunk's single to right sent home the deciding run.

Jones injured his ankle in running to second base in the second inning but refused to leave the game. He limped around the box, until taken out in the tenth. The White Sox lost the services of Ray Schalk, when he was hit on the finger by a foul tip which tore off his finger nail.

The attendance was 11,833 and the gross receipts $10,965.19.

IOWA DEFEATS NOTRE DAME

Touchdown and Goal and a Long Drop by A. Devine Give Iowa Team 10 to 7 Victory.

IOWA CITY, Ia., Oct. 8.—A first period offense consisting largely of off-tackle smashes by Aubrey Devine and line plunges by Gordon Locke through holes made principally by Slater, the big Hawkeye tackle and Heldt, Iowa's center, gave the University of Iowa football team a 10 to 7 victory over Notre Dame University today.

A touchdown early in the initial period by Locke and a long drop kick by A. Devine, a few minutes later, gave the Hawkeyes their points.

Notre Dame scored its seven points on a touchdown in the second period and a goal after touchdown.

After Iowa had scored its first points it was unable to penetrate far into Notre Dame's territory, while the Indiana team, playing desperately, opened up an assortment of forward passes intermixed with cross bucks that kept the Hawkeye team guessing.

YALE HAS EASY TIME WITH N. C.

New Haven, Conn., Oct. 88.—Yale defeated the University of North Carolina in the Yale bawl this afternoon, thirty-four to nothing.

The first two periods were played in a heavy downpour of rain. The vistors failed to make a first down against Yale.

TEN COMMANDMENTS SPIRIT OF GOVERNMENT

City Has Adopted Commission-Manager Form of Government —Mayor Says Law Will Be Enforced Without Fear or Favor.

Benton Harbor, Mich. — (By The A. P.)— This Michigan city of nearly 15,000 inhabitants, having a commission-manager form of government, is being governed in the spirit and principle of the Ten Comandments.

Mayor H. N. Klock, manufacturer, churchman, one-time newspaper editor and publisher, says any city may be operated under the Ten Commandments.

At a recent meeting of the Michigan Methodist Episcopal conference here Mayor Klock welcomed the delegates and was quoted as having said he was "going to run Benton Harbor on the basis of the Ten Commandments."

"I cannot see anything revolutionary in my statement that a city is to be governed by the Commandments," Mayor Klock said. "Every one of the 'shall nots' of the Mosiac tablets are written as the foundation of the law of every civilized land. The law given on the mountain of Sinai applied with equal force to Moses and the humblest person who wandered in the wilderness. It is hard to convict a man with a 'pull' and what I mean by operating a city on the basis of Ten Comandments is to enforce the law impartially.

"In Benton Harbor, as in other cities, there have been persons so high as to be above the law, others so low as to be beneath the law. It is the universal custom for many law violators when arrested, or fearing arrest, to enlist the good offices of some one in power. In this city there is new no power to which such appeals can be successfully made."

Mayor Klock was elected mayor during the past summer when the city voted to adopt the commission-manager form of government. Mr. Klock is prominent in church circles here.

LAW ENFORCEMENT TO BE CHIEF THEME

Attorney General Brundage Will Discuss Illinois Prohibition Act Before State W. C. T. U.— Many Other Prominent Speakers.

CHICAGO, Oct 8.—Law enfocement and enlargement of membership will be the chief themes of the state convention of the Women's Christian Temperance Union meeting at Springfield, Oct. 13.

The Illinois W. C. T. U. has 15,000 members and has set its goal at 40,000, according to Miss Epha Marshall, of this city, corresponding secretary. This is in line with the national W. C. T. U.'s campaign for a million members.

The school tachers' attitude toward the temperance movement will be discussed by Francis G. Blair, state superintendent of public instruction, on Oct. 12. That evening Miss Anna A. Gordon of Evanston, Ill., president of the National W. C. T. U. and acting president of the World's W. C. T. U., will speak.

Gov. Small and Mayor Charles Baumann of Springfield will welcome the convention Tuesday. The Governor and Mrs. Small give a reception to delegates and visitors at the close of Wednesday afternoon's session.

Conferences of the Young People's branch of the Loyal Temperance Legion will be conducted on the opening day by their respective seretaries, Mrs. Minne C. Coventry of Edwardsville and Mrs. Lillie Billington of Springfield.

The president's address will be delivered the following morning by Miss Helen L. Hood of Chicago. Ten minute addresses will be made Wednesday and Thursday by Mrs. R. M. Butler of Batavia, Mrs. Fred Nelson of Galesburg, Mrs. Almena Parker McDonald of Chicago, Rev. Hazel Campbell of Granite City, Miss Kathryn Sawyer, of Chicago, Mrs. Ida Frint of Sandwich, Mrs. Mary C. Edwards of Quincy, Miss Carrie Musser of Orangeville, Mrs. Jessie Butler of Urbana, Mrs. Maud Fairbairn of Joliet, Mrs. W. A. Rawlings of Murphysboro, Mrs. Lydia Smith of East St. Louis, Mrs. Eva T. Dean of Champaign, Miss Epha M. Marshall of Chicago, Mrs. Hulda Richardson of Olney.

Reports from state organizers will be made the morning of the last day. These will be head from Mrs. Nora Shiplett of Hume, Mrs. Anna Hall of Rockford, Mrs. Susie Sanders of Robert, Mrs. Poly Trotter Adams of Jerseyville, Miss Lucinda A. Carlisle of Verdumes, Miss Mary Patterson of Baldwin, Miss Mahala Buchanan of Georgetown, Miss Anna Quillin of Italia, Mrs. Martha Lynch, Edwardsville and Mrs. Eva T. Dean, Champaign.

PRICE OF CRUDE OIL ADVANCES

By Associated Press.
NEW YORK, Oct. 8.—Trading in stocks during today's abbreviated session was monopolized by oils and tobacco a majority of these issues showing substantial gains at the firm to strong close.

More crude oil price advances in various parts of the country were announced by leading producers and this gave additional impetus to the demand for those shares.

Houston led at a net gain of 3½ points but foreign issues also strengthened after early hesitation, Mexican Petroleum and General Asphalt finishing at advances of 1⅞ and 1½ points respectively.

Recognized leaders of the industrial and railway groups moved within narrow limits, but the popular steels, equipments and motors scored moderate gains. Among specialties, aside from pressure directed against Columbia Graphaphone preferred changes were trifling. Sales amounted to 258,000 shares.

There was no let up to the demand for Liberty bonds, dealings again centered around the 3½s and 4½s, but the greatest gain was made by the first 4½s, these advancing 200 points to a new high for the year. The second 4s and 4½s also made new maximums for that period at extreme gains of 25 to 90 points. Total bond sales (par value) $7,775,000.

The clearing house statement was devoid of especial feature, except for an actual cash gain of $38,862,000 which more than cancelled last week's deficit of reserves leaving an excess of approximately $28,000,000.

Sterling or British bills dominated the foreign exchange market the demand remittance rising to $3.80⅞, a gain of eight cents to the pound from the week's quotation.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, Oct. 8.—Cash markets were rather dull in Chicago today. The corn basis was about steady but that of oats was ⅛c lower with No. 2 white ⅛c and No. 3 white 2⅛c under December. No sales of wheat were recorded until after the close of the Board of Trade and the total was only 41,000. Of corn 240,000 bushels were sold of which 32,000 went to exporters. Oats sales were 180,000 bushels including 50,000 sent to store.

The first new corn arrived in Chicago, two car loads arriving too late to be considered in the board's figures. It tested ten per cent moisture and the receiver thought it probably would grade No. 4 white.

Cash receipts: Wheat, 34; Corn, 490; Oats, 85; Rye, 5; Barley, 10.

STOCK EXCHANGE HAS DULL SESSION
(By The Associated Press)
CHICAGO, Oct. 8.—A late rally relieved an otherwise dull short session of the Board of Trade today the change coming after wheat, corn and oats had all recorded new lows for the season. The close was unchanged to ½c lower for oats. Lard finished unchanged to 7½c higher and ribs 2½c lower to five cents higher.

Wheat started weak and made it low mark early. An initial rally caused by anticipation of the government report was short lived and the market sagged steadily until December touched $1.07¼ and ay $1.12½. Sentiment was mixed and the news generally bullish, export demand being reported slow and Canadian northwest oferings liberela with big receipts in prospect at Winnipeg next week. The turn came unexpectedly and shorts sold freely on the way, were driven to cover. The usual week-end evening sales were added reports that India—ordinarily an exporting country—had bought two cargoes of Pacific-Northwest wheat with further trade in sight. There was also a report that Italy would be back in the market on Monday.

Corn and oats moved in parallel line under stop-loss selling, the fact that new Number Four corn is deliverable under December contracts increasing the pressure on that option. Evening up transactions helped a recovery from the inside figures.

Provisions were dull. Lard firmed up on the strength of the hog market and ribs were a bit lower.

OBITUARY OF MRS. RUTH F. SPENCER

Former Resident of Manchester Community Passed Away in Houston, Tex.—Funeral Held at Manchester.

Mention has already been made of the death of Mrs. Ruth F. Spencer, which occurred in Houston, Tex., Sept. 27. The remains were brought to Scott county and interred at the Manchester cemetery. The following obituary facts have been supplied.

Ruth F. Akers, daughter of Stephen and Maria Akers, was born near Manchester, Ill., Nov. 21, 1874 and died at her home in Houston, Tex., Sept. 27, 1921, aged forty-six years, ten months and six days.

The deceased was baptized by Evangelist Clement of Bloomington, Ill., and united with the Manchester Christian church on Feb. 27, 1889. She was united in marriage with Frederic Spencer, of Murrayville, Dec. 5, 1895, by Rev. W. W. Drake, pastor of Manchester M. E. church. To this union was born four children, namely, Horace Guy of California, Russel Akers, Roscoe Payton and Paul Eugene, living at home, all of whom, together with the husband, are left to mourn her loss. Besides the above, there survive her aged father, S. E. Akers, two brothers, John C. of Murrayville, Robert G. of Riverton, Neb., and one sister, Mrs. Oscar Boston of Manchester. One brother died in infancy, and the mother of the deceased preceded her in death June 10, 1910.

The greater part of the life of the deceased was lived in the vicinity of Manchester and Murrayville, Ill., where she had many relatives and firm friends. Although she had been in rather poor health for some time, yet her last illness was of brief duration, about two weeks. All that human hands could do was lovingly administered by friends and relatives. They could not prolong her stay. Those who knew her most intimately can testify to the fact that she was ever a dutiful daughter, a loving and devoted wife, a kind mother, an affectionate sister and a confiding friend. Her Christian life was one of conscientiousness and consistency. Thus we are led to exclaim with the sacred poet:

"How blest the righteous when he dies,
How sinks a weary soul to rest,
How mildly beam the closing eyes,
How gently heaves the expiring breast.

Life's labor done, so sinks the day,
Light from its load the spirit flies
And heaven and earth combine to say
How blest the righteous when he dies."

BACK FROM ELGIN.

S. W. Nichols and daughter, Miss Frances English, have returned from a trip to Elgin, where they went to visit Mr. and Mrs. W. H. P. Huber, formerly of this city. They went by way of Springfield, Peoria, Henry, LaSalle, Mendota and Aurora. Roads to Henry were cement and perfect. From Henry to LaSalle, the highways were not so good, being much of the way of gravel and rough. From Aurora to Elgin the road is cement. Returning they came by way of Ottawa, finding much better traveling to Henry. Friday morning they road in the rain from Peoria to Springfield and expected to be obliged to leave the car there, but found that oil had made the road good all the way from the capital city, though cross roads were impassable.

Friends of Professor Huber will be pleased to know that the gentleman is meeting with fine success as an instructor in the public schools of Elgin and is greatly valued by the board of education and the superintendent of schools. He is also much liked by the pupils and is generally popular. The school system of Elgin is good, having large and commodious buildings and fine equipment generally.

NUXATED IRON

Helps Make Rich, Red Blood and Revitalize Weak Nerves

IS THIN WATERY BLOOD RUINING YOUR HEALTH?

And Sapping Your Bodily and Mental Vigor, Leaving You Weak, Nervous and Irritable and Making a Failure Out Of You? How to Tell

If you suspect you may be suffering from iron starvation, do not wait until you go all to pieces and collapse in a state of nervous prostration or unitl in your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the fronpower of your blood yourself by adding plenty of spinach, carrots, or other iron-containing vegetables to your daily food and take organic iron like Nuxated Iron with them for a while and see how much your condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks' time by this simple experiment. But in making this test, be sure the iron you take is organic iron—Nuxated Iron—and not metallic or mineral iron which people usually take. Organic Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Nuxated Iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Beware of substitutes. Look for the word "Nuxated" on every package and for the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactpry results. For sale by all druggists.—Adv.

FARM BUREAU NOTES

Disease Free Corn—C. A. Rowe was one of our farmers who invested $12 in a bushel of dis-the hman of thew mon athe mm ease free corn this spring. The men who gathered the seed from this field say that they found less ear rot in this part of the field than where the ordinary seed type was planted. There does seem to be something to this utility type of corn that is up for discussion. The plot on North Diamond street plant from both diseased and disease free corn is not a satisfactory demonstration. The corn ear worm damaged all to such an extent that it is impossible to tell whether one type had any advantage over the other. An exhibit has been prepared by the County Agent showing the diseased corn and the type of the disease free corn and the government and state bulletin dealing with the subject, together with the new utility type of score card. This exhibit was shown at the sales of Austin, Patterson and Cardier and Lathom, where it attattracted considerable attention.

Farmers' Institutes—When the conference of Farmers' Institute workers from this Congressional district was held at Jacksonville some months ago, it was decided to try three one-day institutes at many different points in Morgan county. Prsident Charles R. Gibson and Secretary E. R. Hembrough had Murrayville, Lynville and Literberry in mind when the matter was up for discussion. If either of these points wish to have this one-day session, the Morgan County Farmers' Institute will furnish both the speaker for men and women, both for the afternoon and evening program. The only thing required of the local parties is to provide the place and assist in getting out a representative attendance. Exhibits are not provided for at these one-day institutes. The committee had in mind October 18, 19 and 20 as appropriate dates. The local committees in these respective communities are expected to report on Saturday, October 8, as to whether or not they wish to co-operate in the matter.

Two Surprise Gifts

In addition — See what you get

This week starts the dessert season. So we make an offer to you housewives which we never made before.

Buy at your grocery six packages Jiffy-Jell. Send us the trade-marks with the coupon below, and you will get *three* gifts.

First, the set of Dessert Molds shown above. Six individual dessert molds in aluminum, each embossed with your initial so it shows on the dessert.

That is the latest idea in serving Jiffy-Jell. Have your initial on top of each serving. This set where sold sells for 75 cents — as much as you pay for six packages Jiffy-Jell.

We will send in addition two other valuable gifts. We do not announce them, for we want to surprise you.

Send us those six trade-marks this week and those three gifts will come. No money, no stamps—just the trade-marks.

Queen of All Desserts

Real Fruit Flavors in Glass Bottles

Jiffy-Jell is the real fruit dessert. It is the only dessert with the real fruit flavors in liquid form, in glass.

We crush the fruit, condense the juice and seal it in a bottle. A vial of this real fruit essence comes in every package.

The flavor is abundant. We use, for instance, half a pineapple to make the flavor for one Jiffy-Jell dessert.

So Jiffy-Jell is rich in fruit, as fresh and fragrant as though just picked. Simply add boiling water, then the fruit juice from the bottle, and let cool.

One package serves six

For children's sake

Fruit is what makes these desserts so delightful. Other like desserts have flavors in dry form. Jiffy-Jell alone brings you the real fruit in bottles.

Yet Jiffy-Jell costs no more than the old-style jell desserts. Get six packages today and send the trade-marks for the gifts we offer.

This is just to start you for the winter on the new-grade jell desserts. Please don't forget.
